DAVIS GATHERS STRAY VOTES

SMITH AND M'ADOO DROP TO DAVIS, WHO INCREASES HIS VOTE; MISSOURI QUILTS M'ADOO

Champ Clark's Defeat Avenged When Missouri Switches to Davis; Little Change in Standing of Leaders

(By the Associated Press)

MADISON SQUARE GARDEN, July 1.—A presidential nomination failed to emerge above the twenty-second ballot today in the Democratic national convention.

There was some expectation of a change on this ballot when Kentucky passed, but it failed to materialize when Kentucky stuck to McAdoo. The unofficial figures for the leaders stood as follows:

Underwood 45½, McAdoo 438½, Robinson 22, Smith 307½, John W. Davis, 123½, Cox 60, Gov. Davis 5, Ralston 32, Saulsbury 12, Walsh 8½, Ritchie 17½, Glass 25, 1 absent.

When the Missouri delegation left McAdoo today and cast their 36 votes for John W. Davis, friends of the late Champ Clark said the day they had been waiting for since 1912 had arrived.

Next to W. J. Bryan, Clark's friend always felt that McAdoo had as much as any man to do with the defeat of Clark at the Baltimore convention.

From the beginning of the present convention Clark's old followers, led by his son Bennett have operated under only slogan: "Get McAdoo."

"I do not care whom they nominate so long as they defeat McAdoo," Bennett said, as hour after hour, day after day he circulated among the delegates.

Joseph Shannon did everything he could to swing delegates away from McAdoo, circulating a letter from a supreme court justice attacking McAdoo and charging from the platform that McAdoo money was used. Senator Reed, another old friend of Clark, and a bitter enemy of McAdoo, aided with a statement from his sick bed. Norman E. Mack, a Smith manager, was jubilant over the defection of the Missouri delegation from the McAdoo forces.

"McAdoo has little or no reserves to come in now," said Mack, "while we have reserves that have not yet been called on."

Mack leaders said they would keep on hammering all day long in order to weaken the McAdoo delegations.

MADISON SQUARE GARDEN, July 1.—After 20 ballots the Democratic national convention today apparently was little nearer the choice of a nominee than it has been early in the balloting.

Davis of West Virginia was showing slight gains but a break for which many have been waiting apparently was some distance in the future.

Missouri after passing, cast its 36 votes for Davis but this was challenged immediately and a poll of the delegation ordered. The Missouri delegation had voted for McAdoo on every previous ballot under the unit rule.

One of the leaders who did not want his name mentioned at the present stage said the state of the situation in the convention was such that there was "absolutely no chance for a break." There was a plan afoot for some one to move for a recess for the announced purpose of caucusing to find some way to let the convention come to a decision and let the weary delegates with flattened pocketbooks and swelling hotel bills go home.

The loss of 6 for McAdoo on the seventeenth ballot and a gain of 7 for Smith let off a small Smith delegation. McAdoo leaders did not look disturbed but other delegates looked surprised. Mrs. McAdoo as usual sat in a box with pencil and paper busily keeping score on her husband's political fortunes. The state of deadlock was shown when Delaware again voted her 6 for Saulsbury.

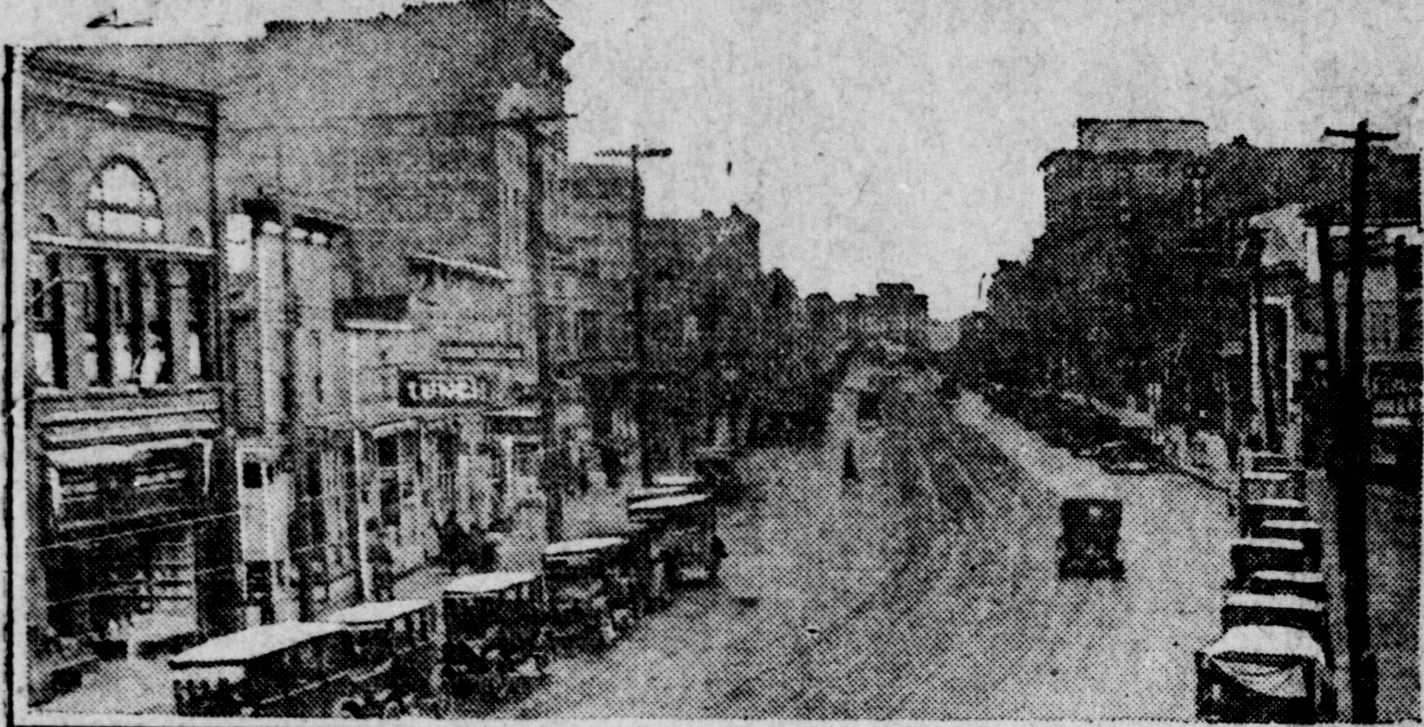

Florida Vote Challenged.
Florida's 12 which had been going solid for McAdoo was challenged while casting for McAdoo again. The state was passed to be taken up at the end of the roll call. The purpose evidently was to show that the state was being held for McAdoo only by the unit rule with the idea that it would have some effect on the delegates of the convention.

Jet Bowden of Jacksonville demanded a poll of the Florida delegation which was said to stand 11 for McAdoo and 1 for Smith.

At the close of the sixteenth ballot, the first of the day, the leaders stood thus:
Underwood 41 1-2, Robinson 46, McAdoo 478, Smith 305 1-2, Davis 63, Ralston 31, Ritchie 17 1-2, Cox

JAPANESE DIET VOICES EXCLUSION INDIGNATION

LORAIN BEFORE AND AFTER THE TORNADO

Above: A view of Broadway avenue, the heart of Lorain, O., before the tornado. Below: A glimpse of the same section a short time after the yellow-tongued twister brought death and destruction.

SEVENTY-TWO DEAD IN STORM AREA IN OHIO

(By the Associated Press)
LORAIN, O., July 1.—While some authorities fear that all of Lorain's dead are not yet accounted for, the list this morning remained the same as last night, a total of 72. The Red Cross in a check up of the wounded found 17 persons unaccounted for.

The work of tearing away the wreckage of the State theatre in which officials believe there are probably a number of bodies was stopped last night because of the danger that an adjoining four-story brick wall might fall.

The bodies of approximately 40 victims have been buried, because he said the town had suffered enough grief already, Mayor George Hoffman forbade public funeral.

Those whose houses were wrecked will be buried from the several undertaking establishments on the outskirts.

BOTH HOUSES IN ACCORD IN SLAP AT U. S. ACTION

Posters on Telephone Poles
Voice Instructions to
People in Matter

BITTER ON EXCLUSION

Safety of American Residents
Stressed in Fight on
American Decision

(By the Associated Press)

TOKIO, July 1.—Both houses of the Japanese diet at their first sitting of the current session today, and almost their first business, passed resolutions strongly opposing the action of the United States in exacting as part of its new immigration law a clause prohibiting the entry of Japanese. The passage of the resolution in each instance followed addresses by Premier Kato and the foreign minister.

The house of peers in its resolution expressed approval of the action already taken by the Japanese government with respect to the American enactment. The lower house also adopted a motion asking the government to take proper measures demanded by the situation. Both drafts assailed the law as discriminatory.

TOKIO, July 1.—A nation wide demonstration against the American exclusion act which goes into effect today, were featured by mass prayer meetings at national Shinto shrines throughout the country and crowds invoked the ancient deities to aid the people in this troublesome time when the Japanese race is "insulted" by the exclusion from America. The largest of these was at the Meiji shrine. It was attended by thousands of worshippers. Scores of other anti-American meetings are being held in Tokio today.

The vernacular newspapers printed anti-American cartoons and despite the opening of the diet the newspapers made the demonstration the big story of the day. Editorial comment, however, is moderate.

Placard Telephone Poles.
Prominent men interview, while expressing indignation against America, urge the people to remain calm. Patriotic socialists last night placarded virtually every telephone and telegraph pole in the city with the following:

"Japanese must never forget July 1 when America inflicted an intolerable insult on Japan. Always remember the date. Prepare for such steps as are demanded by the honor of the Fatherland when the action comes. Every Japanese must remember the following rules:

"First—Alter your mode of life so as to impress all with your sincerity.

"Second—Hate everything American but remain kind to individual Americans.

"Third—Deny yourself all luxuries.

"Fourth—Never forget national for private gain."

"Fifth—Never enter a church supported or guided by America or United States missionaries."

Police guarding the American embassy, consulates and hotels in which foreigners live were reinforced.

The Association for the Preservation of National Traditions, the leading patriotic organization, has issued a manifesto through the newspapers urging the people not to permit "their righteous indignation against the American nation to cause them to commit violence against resident Americans. Similar warnings were sounded in editorial in the leading newspapers and in statements by prominent men.

TOKIO, July 1.—Numerous cases of cutting down the American flag including the United States embassy compound today has been brought to light by police inquiries. At the embassy a Japanese slashed the hallways and thus unceremoniously brought the flag down.

Officials declared that at about 4:45 p. m. a Japanese stole into the compound, climbed the flag pole, cut the flag from the ropes with which it is hoisted and escaped before police arrived. The cutter entered the compound when he found there were no Americans in that part of the enclosure which formerly surrounded the embassy buildings destroyed by the earthquake and fire last September.

There are 300,000 persons permanently employed by the cinema industry throughout the United States.

COOLIDGE CALLS ON OFFICIALS TO SLASH EXPENSES

Chief Executive Declares His
Stand for Reduction of
Expenses

OUTLINED POLICIES

Declares People Must be Relieved From Excessive
Tax Burdens

(By the Associated Press)

WASHINGTON, June 30.—President Coolidge called upon the administrative heads of the government tonight to measure up to "the full test of our national character" by giving efficient administration so that further reduction in taxes for all the people may be accomplished.

Speaking before more than one thousand executive officers at the seventh semi-annual meeting of the business organization of the government at the close of the fiscal year, the chief executive outlined his policies for the future with the declaration that all of his subordinates must enter into them in spirit as well as in practice.

"I am for economy," the president said. "After that, I am for more economy. We must give the people relief from the excessive burden of taxation."

Mr. Coolidge's program contemplates cutting expenditures to the bone. He wants to continue even more drastically the three year old economy program. To do so, he enjoined those responsible for spending the government's money that every administration effort be carried on with the absolute minimum of expense.

That means, he asserted, that the government payrolls must be reduced.

The president's broad outline of his views was expanded by Director Lord, of the budget bureau, who warned that those who failed to function sympathetically or who obeyed the chief executive's instructions in half-hearted fashion, may as well feel that they are not desired in the government machinery. He added that disloyal ones have no place in the organization. The director explained that the bureau's agents were cognizant of all activities in the government and said he would not fail to call shortcomings to the president's attention.

The speech was the first by Mr. Coolidge since the republican party selected him as its presidential candidate and he chose in this utterance to review the financial accomplishment of the administrations for the past three years. In this period he said there was net reduction in the great public debt of more than \$2,720,000,000 and a consequent saving of more than \$120,000,000 annually in interest alone.

"What progress we have made in ordering the national finances is easily shown," Mr. Coolidge said. "A comparison of our receipts and expenditures for the last four years illustrates conclusively what has been accomplished during the three years of the budget system."

"For the fiscal year ending June 30, 1921, the last pre-budget year, our expenditures were \$5,538,000,000 and our receipts \$5,624,000,000. Turn to Page 6, No. 2

SPECIAL CAR OF CONFEDERATES OFF

Old Veterans Off For Annual
Spree at Chickasha
During Reunion

Thirty-seven Confederate veterans and their wives, widows and members of the local U. D. C. chapter are off for another reunion, last for some who have wintered the storms of life since 1861 and are now waging the good fight against the inevitable, Death.

Bent with age and the burdens of three after war periods, but with a fire kindled with anticipation of seeing old friends and comrades of war, Confederate veterans of Pontotoc county boarded their special car at noon today for their annual spree at Chickasha.

Through the loyal support of Ada business men, who contributed over \$200 in the brief canvass of committees over the business district of the city, veterans were permitted their annual feast of good fellowship without a nickel of expense on their part. The special car was chartered for their exclusive use and will bring them home from the Convention at the close of its sessions. U. D. C. will arrange for their care during the trip and word has been received here to the effect that they will be well cared for in Chickasha.

Through the special car to the reunion, Ada has maintained an old prestige of being the center of Confederacy of Oklahoma. Ada has entertained the veterans for four reunions and has always been active in support of the local camp.

Flier Suffers Accident.
(By the Associated Press)

CALCUTTA, India, July 1.—Lieut. Lowell H. Smith, commanding the three United States army planes on the round the world flight fractured a floating rib on his right side in a fall from a culvert near the flying field here yesterday afternoon.

Law Certificates Ready
OKLAHOMA CITY.—Certificates to 45 Oklahomans, who passed the state bar examination two weeks ago, will be sent out within a few days by Reuel Haskell Jr., commission secretary.

Certificates must be signed by all supreme court justices.

Supreme Court Sends Important Decision On Oil and Gas Lease

OKLAHOMA CITY, July 1.—An oil and gas lease continues as an imperfect title and does not become an asset until the lessee produces oil or gas in the quantity provided by the terms of the lease, the supreme court held today. The opinion was delivered in the appeal of the Gypsy Oil Co. from Carter county district court in the suit of Stanley Marsh who sought to cancel a lease with the oil company, reversing and remanding the case with instruction to dismiss plaintiffs action.

NO INCREASE IN IN CITY BUDGET

Jones Announces Decrease
May be Evident in Next
Estimate

The city government will not petition for an increase in the budget for maintenance of affairs during the fiscal year, Mayor Somer Jones announced today.

While the city commissioners have not definitely fixed the amount to be placed before the scissors of the county excise board, Jones stated definitely that no increase would be asked but on the other hand a decrease in the estimate as a whole could be expected.

Jones announced that the contemplated decrease would be lopped from the police department, where expenses of operation is expected to be reduced during the fiscal year. Jones announced that the decrease would not mean a reduction in salary for the personnel of the department but a decrease in the number of policemen employed.

The only department of the city government that will seek an increase in its departmental budget for the year will be in the fire department, where Jones declares, an increase in salary is logically due. Jones proposes a 1 percent increase in the salaries of the fire department members.

Other departments of the city government will operate on practically the same tentative estimate, with a slight reduction possible in some, Jones declared that the estimate would be prepared and presented to the county commissioners at a near date.

McKEEL REPORTS ON OMAHA MEET

Tells Local Lions of Trip
To International
Convention

President Sam A. McKee at the meeting of the Lions Club today reviewed his trip to the International meeting at Omaha. He told of the pleasures and the work encountered, stating that running through the entire meeting was the spirit of service and Americanism. Lions Clubs, he says it was demonstrated on every hand, stand for service to our fellow man and also for Americanizing America. There are hundreds of thousands of Americans who do not realize what it means to be an American citizen.

Dr. McKee says he wishes every member could attend an international meeting, as it gives a wider grasp of the possibilities of life and the opportunities to help others.

The local president joined a body of Lions in Oklahoma City to make the trip. On the way to Omaha, the delegates spent much time in religious worship, two good sermons being preached by Lion delegates and songs and prayer were part of the program.

The next international meeting will be held at Cedar Point, Ohio, and the next president is from Toronto, Canada.

Musie was rendered today by Prof. Oscar Parker, Miss Bonnie Callis and Miss Mary Bella Harvey.

The club decided to take a quarter page advertisement in the Oklahoma Legionnaire as an advertisement of the Legion convention to be held here the latter part of this month.

The club also endorsed the Bible school, which is to be conducted for the boys of this section from July 14 to 25, by the Ada Ministerial Alliance.

Enid Gets Gas Cut

(By the Associated Press)

OKLAHOMA CITY.—Gas rate at Enid was cut from 75c per thousand cubic feet to 50c by order of the corporation commission Monday.

The O. G. and E. Co., serving Enid with gas did not protest the slash in price.

There have been two negroes in the United States senate.

BIBLE THOUGHT FOR TODAY

LIKE PRODUCES LIKE:—Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap.—Galatians 6:7.

PRAYER:—Thou art the Ruler of the universe, and all Thy laws, for which we thank Thee, are as steadfast as Thou art.

The most significant thing in state politics for a fortnight was the happening in Republican senatorial circles. It has almost been generally accepted that Mr. Pine of Okmulgee was to be the Republican senatorial nominee, not because he had ever done anything for the party or his country, but solely because he had discovered oil and had a few million dollars. Whereupon Eugene Lorton, publisher of the Tulsa World, declared himself a candidate and journeyed to Enid, the capital of Oklahoma Republicanism, where Judge Cullison, Congressman Garber, Senator Harry Glasser, Everett Purcell of the Enid Events, Horace Greeley McKeever, erstwhile candidate for governor, and Bill Hills, much big attorney, acclaimed him as the blown-in-the-bottle candidate for the senate. Also and moreover, Lorton came on to Oklahoma City, where John Fields, field marshal of all Republicans, gave him a banquet in the very hotel where Ed Dyche had leased quarters for Pine. We are not tremendously concerned, but we do insist that as Mr. Pine has purchased the job of being the Republican candidate, it was unkind for Lorton to appear as a "lost heir" to the estate.—Exchange.

In spite of all that is said about the world growing worse, man never before exemplified in more ways his realization that he is his brother's keeper. Never before was such ample provision made for the unfortunate and history does not record in the past the liberal donations made for the betterment of conditions that are common in these days. Then, too, education was never before offered to all on the extensive scale of today. This in itself is perhaps the greatest advance in the history of the race since without the systems now established and maintained education would be confined largely to the few who could afford to pay for it.

For about the first time in history France is headed by a Protestant. Although the French are not especially pious, the rulers have heretofore been of the overwhelming adherents of the Catholic church. In recent years the religious issue has not been raised and the people have learned to live together peaceably and respect one another's opinions. However, in the matter of a president, it could make little difference since in France the president is largely a figurehead with little real power such as is vested in the president of the United States.

The fable of the dog that dropped a piece of meat he was carrying in order to grab at the reflection of the meat he saw in the brook is exemplified every day. In every walk of life people are doing this very thing, and especially is this true in politics. The people of the United States did this in 1920 when they overwhelmed the Democrats in their eagerness for a change and soon realized that their action was exactly the same as that of the dog who dropped his meat while grabbing at a shadow.

Senator Owen stands no better chance of getting the presidential nomination than he ever did, even though the Oklahoma delegation may cast a few ballots for him. The idea with a good many delegations now is to locate the band wagon and climb on. Hearses will be numerous shortly but there will be only one band wagon. The crowd that guesses wrong will not have much influence in affairs during the next four years, if the nominee wins in November.

The Japanese are now carrying on a campaign of hating everything American. However, they did not hate American bread when it was sent to them so freely after the earthquake disaster. It is human nature to balance one fault, or supposed fault, against all the benefits one ever received and find it outweighs a hundred obligations for past favors.

The national convention's proceedings have been brought into the homes of thousands of radio fans throughout the United States. People have kept tab on every move and the only thing lacking was a sight of the great gathering. By the time the next one is convened it may be that one may see as well as hear the proceedings.

The anti-American demonstrations indulged in by the Japanese will not achieve any results for the Japs unless it is to make the Americans firmer than ever in their stand on the immigration law. The Americans will never back down in the face of threats.

Honors are very much like flowers, they soon fade no matter how much care one takes of them. Unless fresh ones are constantly supplied the recipient soon finds himself with nothing but dead stems, few but himself remembering the flowers that once adorned them.

HIGHWAY LAW OF OKLAHOMA UPHOLD

Right to Build and Maintain Roads With Funds Given Full Backing

OKLAHOMA CITY, July 2.—Holding that the state constitution is "not a straight jacket" to prevent needed state aid in road construction, the supreme court Tuesday, speaking through Justice Lydick, upheld the constitutionality of the state highway commission law passed by the second extraordinary session of the ninth legislature.

The suit was brought by E. J. Edwards of Muskogee, against the state highway commission and state officials on a question of whether or not, under the constitution, the highway commission could use the proceeds of the gasoline tax to construct and maintain state highways. On this point Justice Lydick said:

Spending Right Is Granted.
"Where a special fund is created from sources not coming from or out of the general revenue fund of the state, the authority to the official board or commission to spend said fund for a special purpose may be granted where the authority to disburse said fund or obligate the state is limited to the amount of money that may go into said fund, and such officer is not permitted to incur an indebtedness against the state which may be payable out of, or charged against the general revenue funds of the state."

The validity of the law further was attacked on the ground that it did not designate the specific amounts to be expended for construction and for maintenance and for bridges, but the judge held the objection unsound, saying:

May Use Lump Sum
"The construction, maintenance and repair of a system of state highways is incapable of being arbitrarily classified and itemized as to the amounts that may be expended for various purposes, in view of the fact that such amounts cannot be ascertained in advance of the work and the further fact that such work is usually constructed through federal, county, city and township aid, and for these reasons a lump sum or amount may be by the legislature, appropriated for such purpose."

The court declared the legislature in passing the act, had only kept faith with the people.

COMMISSION EMPLOYEE IS DISMISSED FROM JOB

OKLAHOMA CITY—After a stormy star chamber session at the capitol, Tuesday, the corporation commission decided to end the services of P. E. Glenn, for 13 years with the commission, according to Frank C. Carter, chairman.

Carter said lack of sufficient appropriation caused him to drop Glenn, who at one time was commission secretary, a post now held by W. C. "Rube" Geers. E. R. Hughes, Republican member of the commission, demanded that Glenn be retained. Joe Cobb, Democratic member, while expressing regret that Glenn had to go, said lack of appropriation made the move imperative. Glenn's friends said Cobb was not in favor of dropping Glenn but chose that course rather than cross Carter and lose the chairman's support in the race for corporation commissioner, an office for which Cobb is a candidate for reelection. Carter and Cobb talked it over at length before Hughes was admitted. Hughes then was told it had been decided to dispense with Glenn's services.

NEWTON NAMED HEAD OF EDUCATIONAL ASSOCIATION

WASHINGTON, July 2.—Jesse H. Newton, superintendent of schools of Denver, Colorado, was named today by the nominating committee to be president of the National Education association in convention here. Twelve vice-presidents were also elected and it is expected all the nominees will be approved at the general election.

No. 2

cure economy. We simply adopted the principle that where the quality and content of any series were substantially equal, the award should go to the series that was most economical to the state. No other consideration entered into this adoption.

"As usual in state adoptions there were many people in the city who sought to bring pressure to bear, but the commission steadfastly refused to consider anything except quality and price, and in this determination the commission had the full and unqualified support of Tom Anglin, acting governor."

"An examination of the books that have been thus far adopted by the commission will convince the unprejudiced that they are of a superior quality. This is notably true of the Readers adopted. The Readers, Arithmetics, Grammars, Geographies, Histories, and Spelling books are the equal of any series in these respective subjects published in the country, and the price which we secured is at least as low as that secured by any other state in the Union."

Best Interest for Children.
"The sessions of the commission were characterized by great earnestness and a desire to do that which is best for the children of the state. At no time during the sessions of the commission did any personal feeling develop, and while there were differences of opinion as to the relative merits of different books, the final adoptions of all of these were made by a unanimous vote in every case except one, in which there was one dissenting vote."

"Personally, I believe that the teachers and pupils of the state will be pleased with these adoptions. The commission will meet Monday, July 7, to begin consideration of books for the high school."

"In pursuing the policy outlined above, the commission has saved the state at least a half million dollars on these awards; the same principle will govern in selecting high school books. The commission will be as zealous in guarding against excessive prices in the case of high school books as it was in the case of the elementary books, even though the high school books must be purchased by the state."

HEAP MUCH DRUNK; COSTS COME HIGH

ARDMORE—John Baptiste had an assortment of charges against him in police court Monday. In fact, he almost set a record, Baptiste was charged with speeding, drunkenness and running an auto without a muffler. He pleaded guilty to speeding and was fined \$2. When he "allowed" that he had had a little canned heat, the judge merely said "\$10." Then the judge thought Johnny had had enough for one day and dropped the remaining charge. Ernest Ned was in on Johnny's big drunk, and is now contemplating at his leisure the possibilities of paying a \$15 fine. This is the second charge in the last few days. Ernest is also worried about the possibilities of getting out of a charge of desertion from the army.

Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Ada people. Profit by this Ada resident's experience:

Almon Griffin, 12th and Cherry Sts., says: "I have all the confidence in the world in Doan's Pills. There have been times when I have had severe attacks of pain in my back, just across my kidneys. Every move I made was a torture. I have taken Doan's Pills and they have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Griffin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Grasshoppers Are Threatening Crops County Agent Says

McALESTER.—Grasshoppers are making their appearance in Pittsburg county, according to Frank C. Higginbotham, county agent. He had a call Saturday morning from M. J. Shannon, who stated that several farmers around Kreks wanted to know what to do to get rid of the pests. In several counties of the state the grasshoppers have done a great deal of damage to crops. If they are taken in time here, they can be exterminated quite easily.

This is the poison recipe Higginbotham recommends:

1. Fifty pounds of wheat bran;

2. 2 pounds of Paris green or crude arsenic.

2. Mix half a gallon of fairly good grade syrup and three lemons finely chopped in seven gallons of water.

Pour 2 over 1, stir thoroughly and dampen evenly. Broadcast over infested areas. This is enough for 10 or 12 acres.

Let a News Want Ad get it.

POLITICAL ANNOUNCEMENTS

The News is authorized to announce the following candidates, subject to the Democratic Primary, August 5, 1924.

For Representative
FRED F. BRYDIA
WILL M. THOMPSON

For Sheriff:
A. C. (AL) NABORS
W. B. WALKER
J. F. (Tad) LILLARD

For County Commissioner Dist. 1
W. H. BRUMLEY
H. CLAY STEPHENS
M. F. HEATLEY

For Commissioner District No. 2.
C. J. (Charles) LASEMAN.

For Commissioner, District No. 3:
BOB BROOKS.
W. H. BRENTS

For County Superintendent of Public Instruction:
MRS. PARRIE BRITT
A. FLOYD

For County Treasurer:
ALBERT CHAMBERLAIN.
C. W. WESTBROOK (2nd term)

For Court Clerk:
L. E. FRANKLIN.

For County Tax Assessor—
NICK HEARD

For County Clerk:
RIT ERWIN

For Justice of the Peace, Ada Township—
H. J. BROWN, (Re-election)
W. H. FISHER.

For Constable, Ada Township—
W. B. ADAIR

Every day finds more families in Oklahoma enjoying perfectly baked pies, cakes, biscuits, muffins, etc., because the housewives are particular about the baking powder they use, and they always insist upon having CALUMET THE WORLD'S GREATEST BAKING POWDER

There isn't an ingredient used in baking that is as vital to success as baking powder. Remember, one spoonful of an inferior leavener can ruin a dollar's worth of other ingredients.

You save when you buy Calumet because the pound can contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans.

You save when you use it because it goes farther than many other brands—lasts longer—makes more and better bakings.

Don't risk ruining your bakings all because of a change of baking powder.

OKLAHOMA PIPE LINE CO. TO START SOON

Forty Acres Purchased Near Francis for Big Plant.

The Oklahoma Pipe Line company will spend several hundred thousand dollars in this county, according to information obtained Saturday from sources considered absolutely reliable.

The company has purchased forty acres adjoining the town of Francis on the south and will there erect ten or twelve bungalows, a pump station, some tankage and other buildings and machinery necessary for a relay station. The expenditure on this tract of land will be approximately \$300,000.

The pipe line will extend entirely across the county, passing probably within a mile of Ada. It will be the main line leading from the Cromwell field in the northern end of Senjole county to the Gulf, going from here by way of Davis and then into Arkansas. Three hundred and fifty men will be employed on the line.

This is considered one of the most important happenings, so far as the oil industry is concerned, that has ever come to this county. It means, oil men explain, that many of the wells which have not been put on pump on account of a lack of marketing facilities can now be utilized, or new ones drilled can be made paying wells when otherwise such would not be the case.

Some of the men from the company will be here within a few days, at which time the entire details of the project will be given.

Owen Replies to Query on World Conference Report

LONDON, July 19.—"Our work must be and will be approved by the people of the world because always personal considerations were unknown in our efforts to find a practical, economic and common sense basis of future co-operation between the allies and Germany," Charles G. Dawes declared in a message to his fellow members of the first expert committee made public in part today by Owen D. Young.

The message was in reply to one of felicitation sent to the vice presidential nominee of the Republican party by his fellow members of the committee which drew up the Dawes report.

TRIMM FUNERAL SERVICES TO BE HELD IN TOWN

The funeral services for A. T. Trimm will be held this afternoon at 2:30 at the Criswell undertaking parlors, instead of at the family home south of town as first announced. The service will be conducted by Rev. Teague. Interment at Rosedale cemetery.

Bobtail Winner in Ashland, Kentucky Derby on Fast Track

(By the Associated Press)

ASHLAND, Ky., July 19.—Bobtail won the \$5,000 Raceland derby at the new Raceland course here covering the mile and one-half route in the fast time of 2 minutes, 4 3/5 seconds. Alta Wood and the favorite, Black Gold, were the only other starters at the wire. The winner, owned by Col. E. R. Bradley and piloted by Jockey Lyke, took the lead at the snap of the barrier, followed by Black Gold and Alta Wood. Lyke kept his lead until the home stretch when Black Gold and Alta Wood moved up close.

Alta Wood pressed the winner towards the end but Bobtail finished by a head.

MINERS AT WORK DESPITE THREAT

County Officers Protect Non-Union Miners at Work at McAlester.

McALESTER, July 19.—About 100 miners went to work at the Deagan and Connell coal mine here this morning and all immediate prospects of a threatened repetition of disorders that occurred yesterday at the Kali Inla mine at Cambria seemed to have disappeared according to Sheriff Austin Park, who with a force of five deputies was on guard at the shaft.

There was conveyed to the employees of the D & M mine, who were working on an open basis, that an invading force from the neighboring mining community of Hartshorne, 12 miles distant, would descend on the mine today and force suspension of the work as was done at the Kali Inla mine yesterday.

The invasion, however, was expected at the opening hour, 6 o'clock, according to Sheriff Park, but after several hours had passed without any untoward event, he believed that any danger of trouble was gone.

Reports that the threat had been conveyed to the miners here reached Sheriff Park last night but its precise nature and source were not made public. Sheriff Park immediately mustered a force of deputies and planned to surround the mine early today. He announced his determination to prevent a repetition of the Cambria incident.

Sheriff Park expressed confidence last night in his ability to cope with the situation although following a telephone conversation with Acting Governor Tom Anglin, Adjutant General Baird H. Markham was advised to prepare to respond quickly to a call for state troops should they be needed.

County authorities are investigating the Kali Inla occurrence but no arrests have been made. The mine owners declined to comment on the affair or say what action they would take toward continuing the operation of the mine. All was quiet at the mine last night and today.

In Afghanistan, all a man has to do to take a girl as his wife is to cut off a lock of her hair or throw a sheet over her.

HOWARTH TO START 26-INCH HOLE HERE

4,100-foot Test to be Made Northeast of Ada, Southeast of Francis.

Floyd O. Howarth is moving in the boiler to start drilling in section 14-4-7, northeast of Ada. This test is to start with a 26-inch hole, the largest ever started in the county. The well will be drilled 4,100 feet if necessary. Mr. Howarth is drilling another well near Francis, being down approximately 2,400 feet.

The Dixie has decided to abandon the offset to the Gilbert-Clarke-Dixie well in section 28-3-4, south of Vannoss.

C. J. Wrightsman is drilling in blue shale at 1,350 feet in section 24-4-4. A good showing of oil was passed up above the shale. While it is an encouraging sign, there was not enough oil for a pay oil. The Empire is drilling at 2,260 in section 4-2-7, between Frisco and Stonewall.

The Goldline Oil company has started in for a test in section 12-2-3 just across the line in Garvin county, west of Rock.

Slim Police Court.
The city court faced a slim representation from the city's ranks of law violators Saturday morning when three were fined. Two drunks and one pistol totter completed the list of offenders.

RUPERT HUGHES RISES TO NEW DRAMATIC HEIGHTS IN HIS PICTURE OF THE DIVORCE EVIL "RENO."

The Film is a Tense and Emotional Yet Highly Amusing Presentation of the Evils of Our Varying Divorce Laws.

Rupert Hughes' motion pictures have been characterized mainly by, and won their great popularity thru his Irish sense of humor and his peculiar gift for sensing comedy in the most emotional and dramatic of situations. Yet always underneath has been the big dramatic situation with a punch. In his latest Goldwyn picture, written and directed by him, "Reno," which has been booked for two days engagement at the American theatre, beginning Monday he has centered his "attack" on the problem presented on the dramatic side. It is tense and emotional to a degree which he has hitherto not attempted, yet is highly diverting, for he could not repress his tricksy humor if he were to try.

"Reno" is not a thesis picture despite the fact that it is based upon the evils resulting from the varying divorce laws in our forty-eight states. The characters partake of that humanity which has been the chief characteristic of Mr. Hughes' screen work, as well as of his novels and plays, and the situation is one that is faced by many divorced couples throughout the country.

Mr. Hughes placed himself in the ranks of the great motion picture directors of today with his work on "Souls for Sale," which is still tremendously popular. His production of "Reno" will further enhance his reputation in the directorial field.

The cast is one of unusual brilliancy. Helene Chadwick has the feminine lead, that of Guy Tappan's second wife. The part of Tappan is played by Lew Cody, one of the screen's finest actors of villainous roles. Carmel Myers portrays the part of the third wife and Hedda Hopper, that of the first. George Walsh has an outstanding part as the second husband, while other popular players in the cast are Kathleen Key, Rush Hughes, Bonner, designated by Major Hughes as the perfect flapper, William Orlamond, Howard Truesdale, Robert de Vilbiss, Virginia Loomis, Richard Wayne, Hughes Mack, Victor Potel, Jack Curtis and others.

The photoplay was in charge of John Mesall and embraces some of the most spectacularly beautiful nature shots which the films have yet presented. The exteriors, which were taken mostly in the Yellowstone Park, are exceptionally beautiful. The sets employed were designed by Cedris Gibbons and are characteristic of his fine feeling for architecture.

No. 1

the demonstration was directed.

WASHINGTON, July 19.—Senator Wheeler of Montana, who won national distinction by his conduct of the senate Daugherty investigation, accepted the vice presidential nomination on the La Follette ticket and immediately began his campaign with a broadside against the political affiliations of Calvin Coolidge and John W. Davis.

"I am a democrat, but not a Wall Street democrat," he said in a letter formally accepting the nomination tendered him by the group of La Follette leaders in conference here.

"The democratic party," he continued, "recently abandoned an opportunity for a great public service and both it and the republican party ignored the call of unorganized millions who are victims of the present economic disorders."

Senator Wheeler's acceptance of the nomination and his denunciation of the two old line parties are embodied in a letter W. H. Johnston of the Machinists union, heading the committee sent to him by the conference of the La Follette leaders to receive his reply to the formal tender of the vice presidential nomination made yesterday.

MUCH INTEREST IN TENNIS PLAY

Lively Net Battles Bring Little Change in Standing.

Ada tennis players have been creating much excitement among the sport fans here. There has been extreme anxiety as well as much activity among the city's best tennis players this summer.

Harold Strohm has played Oliver Johns five times for his first place, but Johns still retains his title. White Fentem and R. H. Davis have also played him and they were turned back. Harold Strohm who has been chased out of his place several times but has now regained it and is holding it securely. H. R. Davis made a brilliant run for first place but in that attempt was forced down, however, he went from fifth place to second place. Under the strong hands of Fentem and Strohm Davis is now forced down to fourth place.

About fifty students are taking tennis for credit in connection with their studies at the College. Mr. Malloy, coach, reports a great deal of interest among his students and is well pleased with the progress made during the summer term.

The present ranking of the tennis players is as follows:

- 1. Johns, 2. Strohm, 3. Fentem, 4. Davis, 5. Wilson, 6. Molloy, 7. G. Mackin, 8. Roach, 9. J. Allen, 10. Rayburn, 11. M. Allen, 12. Peg, 13. Herndon, 14. Northcott, 15. Tanstall, 16. Hazlewood, 17. McCormick, 18. Dorsey, 18. Freeny, 20. B. Mackin, 21. Wood, 22. Malloy, 23. Carrett, 24. Ashley, 25. Low, 26. Son, 27. McClusky, 28. Wimbish, 29. Norris, 30. Ragland, 31. Linscheid, 32. Bolton.
- Ranking of girls: 1. Mozelle Sloan, 2. Eva Shiplett, 3. Leona James, 4. Bernice Rayburn, 5. Verna Shirley, 6. Mrs. Gene Byrd, 7. Mrs. Roy Stegall, 8. Mrs. Adair, 9. Beatrice Alwine, 10. Grace Smith, 11. Thelma Aldrich, 12. Beulah Jones, 13. Connie Clark, 14. Sarah Tatum, 15. Agnes Marr.

COLLEGE MASONS TO BE ENTERTAINED

Local Fraternity to be Host To Teacher Masons of College

A full program of entertainment is planned for the Masonic gathering to be held Monday night at the temple as a formal dedication of the recently renovated Masonic quarters at which time teachers and students of the College who are Masons will be guests of the local fraternity.

Committees in charge of the entertainment expect to have a record attendance at the formal opening of the temple and to welcome Mason teachers to enjoy the brotherhood of the local lodges.

The following program has been arranged for the evening:

- 7 p. m.—Opening of lodge by regular officers.
- Examinations. Examining committee: Dr. F. R. Laird, R. J. Hough, D. W. Swaffar, Robert Williamson, V. L. Hobson, C. C. Neal, A. D. Stubblefield, J. L. German, Chas. A. Smith and Walter Pendleton.
- 7:30 p. m.—First Section
- Conferring of Master Mason degree by a special team composed of: M. O. Matthews, Bailey M. Bobbitt, R. C. Garrett, William Powell, A. C. Chaney, W. M. Wornack, U. C. Dixon, Edgar A. Poe, John J. Wornack, Thomas Grant, M. C. Grigsby, John Gardner.
- 8:30 p. m.—Intermission, refreshments, music, fellowship.
- Selection.—College Quartet.
- A. Vocal solo.—Miss Callis, accompanist, Marry Belle Harvey.
- Cornet duet.—Jack Moore Jr., and Richard Taylor.
- 9:10 p. m.—Second section, conferring Master Mason degree.

FOUR WELLS TO GO 60 DOWN NEAR CITY

Pilgrim and T. and P. to Become Active; W. J. Bryan Ready.

Two wells, at least 2,500 feet deep, will be drilled almost at the city limits, one in section 31-4-6 and the other in section 27-4-6. Both will be drilled by the Pilgrim Petroleum company and the Texas and Pacific Oil and Gas company. L. J. Zoller did the undersurface geology work.

Drilling on these two wells is to start within thirty days. The first named well is west of the city, in the section where the first gas field was discovered. The second is north of the Frisco railroad and just east of Mississippi avenue, on the Ada Investment company property.

But this is not all. Two other wells will be drilled just northwest of the city. W. J. Bryan and others will begin the erection of a rig on the Clint Palmer farm in section 18-4-6 Monday. Work on the cellar has already been done. Drilling will start with an 18-inch hole.

Another well will be drilled as soon as the oil conditions justify it on the Corvin farm in section 24-4-5. This will mean four new wells starting almost in the shadow of the Ada business section.

Mr. Bryon and associates have taken over some of the interests of Ed Gillette and Robert Galbraith, in this block of acreage, though these men have contracted to drill the wells.

OKLAHOMA CITY CLUB TO COME HERE FOR GAME

Ada Independents will meet an aggregation from Oklahoma City here Sunday for the Sunday baseball conflict, according to A. O. Green, manager of the local club. According to reports received here, the team is a skeleton of the old Wilson Packers team and has many of the old stars of that club on the lineup.

MILITARY COURT CHARGES DISMISSED AT HEARING

TULSA, July 19.—Charges against thirty-five Tulsa county defendants filed by the attorney general on evidence obtained by the military court here last August during martial law, were dismissed by Assistant Attorney General D. W. King. Lack of corroborating evidence against the men was the reason given by King for his order. The charges were pending in district, county and common pleas courts.

INTERESTING MEMORANDUM POSSESSED BY ADA MAN

An interesting memorandum is in the possession of G. N. Waldbay of Ada. It tells of the life of one of Mr. Waldbay's ancestors, John Waldbay, who died in 1397. The Rev. Waldbay was a noted man in his day, being Archbishop of Dublin from 1387 to 1395. He was also archbishop of York and held a bishopric in France.

The memorandum apparently was written a century or more ago but the writing is legible. The paper has become torn with the passing years.

OIL COMPANY EMPLOYEE FATALLY SHOT AT DANCE

PAWHUSKA, Okla., July 19.—Lemon Cook, 30, an employee on the Wolverine oil lease, was fatally shot last night, following a dance at a club house on the lease near Avant. Murder charges were filed today against Dick Marlow, 33, who is said to have made a statement to the officers admitting his connection with the affair. There were no reasons for the shooting, so far as is known here.

How The Santa Fe dollar was spent in 1923

Taxes more than dividends. Rate reductions more than taxes

The measure of success in railroad business is the relation of costs to returns. If the dollar earned does not cover the cost of earning it, the business fails. If it covers the cost with a margin over, the business succeeds.

Item	Amount
Maintenance of track, buildings, etc.	13.37 cents
Maintenance of locomotives, freight and passenger cars	19.36 "
Trains, stations and switching, and other transportation	19.65 "
Traffic expenses	1.56 "
Fuel	8.49 "
Salaries and expenses of clerks and other general office employees	1.56 "
Legal, valuation, general officers, pensions and death benefits and miscellaneous	1.56 "
Depreciation and retirement, equipment and ice plants	3.59 "
Loss, damage and casualty	1.07 "
Cost of equipment, land facilities, etc.	1.04 "
Interest on bonds and other interest charges	4.80 "
Dividends on capital stock	8.06 "
Taxes	8.14 "
Balance available for expanding facilities	8.79 "

Of the last item 3.02 cents came from sources other than rates so that a reduction of less than 6% in rates would have wiped out the entire margin of safety from earnings through rates.

Even a decline in gross business such as has occurred this year inevitably reduces this balance of 8.79 cents, because not many of the cost items can be cut down in proportion.

The adjustment between success and failure is a delicate one in the transportation industry. For the welfare of the country, it should not be lightly tampered with, either by laws or by the various commissions that control the main elements of railroad earnings and costs.

It is particularly notable in the above statement that taxes were more than dividends and only a little less than all the fuel used for the system. Taxes were \$20,316,491.

Good service requires ample money for operation and maintenance. Even a rather substantial reduction in rates would benefit individuals so slightly as hardly to be known, while it might readily (because of poor service) cause them tremendous loss which would be quickly and keenly felt.

A railroad gets money from its rates and has no other large source of supply, even though attempts seem to be made to have the public believe otherwise. Since 1921 freight rates have been almost continuously in process of reduction. Santa Fe freight earnings were decreased \$14,500,000 in 1922 and \$23,945,000 in 1923 from what they would have been with 1921 rates.

The Santa Fe already has reduced freight rates many millions. But adequate service is vital for shippers. It can be furnished only when fair rates provide the money needed.

W. B. STOREY, President
The Atchison, Topeka and Santa Fe Railway System

Tulsa to Educate Boys Unable to Pay for Education

TULSA.—To give every Tulsa county and city boy a college education, despite his lack of resources, is a plan sponsored by the local Rotary club. The organization would create an initial fund of \$10,000 for the purpose and endow it from time to time as the amount is eaten away.

A. L. Farmer, banker, already has contributed \$5,000 to the fund on condition the remaining members of the club match it.

Farmer pointed out the possibilities in the plan.

"For several years," he said, "wealthy men of Tulsa have been sending boys through school as a hobby. But it is up to a civic organization, such as the Saa Antonio and Dallas Rotary clubs have done, to perform this duty toward mankind."

Mrs. Fred F. Loring and son, Billy, left Saturday afternoon for Ardmore to spend the week-end with Mr. Loring.

Red Lewis to Fill Gap Left by Ruby's Defeat

Archie Cooper vs. Red Lewis of Wichita Falls.

That's the new caption to appear for the head-liner in the American Legion boxing card to be presented here July 28 before the Oklahoma Departmental Legion convention, which will convene in Ada.

The change in the main event of the Legion card was necessitated through the defeat of Harry Ruby at the hands of Speedy Sparks at Oklahoma City Friday night, which rendered Ruby an undesired opponent for Cooper in his go here.

The cancellation of the match with Ruby was put into effect early Saturday morning as soon as details of the fight at Oklahoma City had been received. Lou Cutler, Cooper's manager, A. R. Dixon, local promoter for the Legion, and the Norman Howard post, American Legion insisted that Ruby's decisive defeat at the hands of Sparks rendered him an unsuitable opponent for the match here.

In a statement, those in charge of the fight, declared that Ruby's defeat at Oklahoma City was sufficient grounds for the cancellation of the contract. They stated that the Legion convention and the fans of Ada were entitled to a worthy opponent for Cooper, whose rise in the fight ring has been nothing less than phenomenal during the past year. They expressed themselves as determined to match Cooper with a tough customer to give fans the benefit of Coopers return engagement before his home town.

In the matching of Red Lewis of Wichita Falls, Cutler considers Cooper as facing one of his hardest battles of the year. Lewis, like Cooper, counted out Jimmie Carroll, the Texas whirlwind who fell before Cooper five weeks ago. Lewis has also defeated Simmons, the tough Texan who received such an ovation at the hands of Oklahoma City fans when he smiled through ten rounds of bloody punishment at the hands of Cooper and then left the ring without evidence of a grilling conflict.

Lewis has waded through 38 bouts without a single defeat. While most of his matches have been no decision bouts, he has counted many out prostrate on the mat.

Lewis will arrive in Ada next

Arch Cooper

Wednesday and will workout before the public with Cooper to prove to Ada fans that he is worth of his gloves. Lewis will outweigh Cooper by ten pounds but the overweight was preferred to a defeated candidate for the main go here.

Cooper has opened quarters at the Convention Hall and has appeared there in exhibitions three days last week. He will continue workouts next week and Ada fans are invited to drop in and see the former Ada fighter in his preparation for the match. Claude Sparks and Dutch Stone have flocked to Cooper's camp as sparring mates but Cooper is anxious to enlist others and issues an appeal for sparring partners regardless of their weight.

COLLEGE QUARTET TO TAKE VACATION

Popular Musical Organization to Disband After Commencement

The College male quartet, one of the most active musical organizations, disbanded Thursday, following their participation in the commencement service to be held at the Convention Hall.

This organization, consisting of Messrs Parker, Turner, Faust and Stead has been instrumental in boosting the college probably more than any other musical organization under its auspices. The quartet has travelled far and wide over the district and has always been ready and willing to appear in the interest of civic organizations, church and any benefit move in which they might assist.

The quartet will be busy until the date it is disbanded. Sunday evening the quartet goes to Tulpe to give a program for a scout benefit. Monday evening it appears on a program at the Masonic Hall when the fraternity entertains brothers of the College faculty and student body. Tuesday evening it goes to Allen to give a benefit entertainment for the Allen scouts. Wednesday night they will sing at the Convention Hall at a big safety first meeting for the Oklahoma Portland Cement company employees and Thursday morning at the College commencement exercises.

Miss Mary Belle Harvey, accompanist, will spend her vacation at her home in Morris. Miss Bonnie Callis, who has appeared with the quartet in a number of programs, will continue her school work at Ada during the summer. Members of the quartet will spend their vacation in various points, Lowell Turner, planning a trip to southern Texas and Kansas, Oscar Parker will go to the Great Lakes and the East, Burgess Stead will visit in Texas and Kansas and Harvey Faust will tour the north-west.

DAVIS TAKES TRIP TO FRIEND'S COUNTRY HOME

ROCKLAND, Maine, July 19.—John W. Davis, democratic presidential nominee, arrived here today after an overnight trip from New York and immediately embarked with Mrs. Davis for the short ride to Seven Hundred Acre Island, where he will be the guest for ten days at the home of Charles Dana Gibson.

Wherever the Rockland express stopped on the run from New York, crowds gathered to greet the candidate.

FORMER ADA BOY ON VISIT FROM DETROIT

Vasco Price, who has been in Detroit, Mich., working for the Fisher Wheel and Body Works, arrived Saturday morning for a visit with his sister, Mrs. Paul V. Norrell.

Vasco says he left Bob Adams, Haskell and Willie Dale Price in fine health and they are still working. The quantity of production has been cut in nearly all lines of the automobile industry and the force also for the month of August and boys from Texas and Oklahoma are coming home for that period.

Stonewall

(Special News Correspondent)

Rev. Woodman of Ft. Worth, Texas, filled the Baptist pulpit both Sunday morning and night. In the absence of the pastor, Rev. Lamb, Mr. Lamb with his family, is at the bedside of his father in Missouri, who is not expected to live. The services were well attended and all expressed themselves as being well pleased with the sermons.

Mrs. Clarence North cut and little daughter, Lorie, of Oklahoma City who have been visiting relatives here for two weeks returned home Wednesday evening.

Mrs. Walter Eaton of Ada visited in Stonewall Wednesday.

Mrs. Tandy C. Walker visited her parents, Mr. and Mrs. Claud Nix of the Jesse vicinity last Monday and Tuesday.

Mrs. Z. K. McCoy and daughters Melba, and Zebina of Ada visited relatives and friends in Stonewall this week.

Mr. and Mrs. Wesley Chaddick and family spent Sunday evening at Byrds Mill.

Mrs. James Elkins and children of Tulsa have been Stonewall visitors this week.

C. L. Burnett was a business visitor in Ada Thursday evening.

Mrs. Sam Foster was an Ada visitor Wednesday evening.

Tandy C. Perry of the Conway community was a business visitor in Stonewall this week.

Mrs. Joel Furlong is spending the week in Ada with her daughter, Miss Georgia, who is attending the Teachers College.

Entertained—A pretty feature of the week was a party given by Mrs. Charles Henegar at her home in South town Tuesday evening, July 15th, honoring her little daughter, Gwendolyn's ninth birthday. Interesting games were played in which all took an active part. The hostess was assisted by her house guest, Mrs. Northcutt of Oklahoma City in serving a delicious ice course to sixteen guests. At a late hour all left for their homes with tired voices but glad hearts and wishing for Gwendolyn many more happy birthdays. Those who declared themselves royally entertained were Misses Helen Murphy, Margaret Burnett, Johnnie Sue Slaughter, Elaine Martin, Naomi Peters Layover Malone, Catherine Fuller, Mary and Nell Truitt, Geneva Chaddick, Sammie Dean Hollingsworth and Mr. Glen Dale Rives. Out of town guests were Lorie, Northcutt of Oklahoma City and Mary Anne Elkins of Tulsa.

Mr. and Mrs. Tom Henson and Misses Rube Walker, Ruby Byrd, Aches Medley and Jodie Mae Henson spent Sunday evening at nature's wonderful summer resort, Byrds Mill.

Mr. and Mrs. Jess Young of Healdton are visiting relatives in Stonewall this week.

Merritt Young of Healdton is the week-end guest of his parents, Mr. and Mrs. Geo. Young.

County Scoutmaster Miller of Ada put on an excellent program at the Baptist church Sunday evening from 8 to 9. The B. Y. P. U. hour was given to the program. All present report an excellent program. Mr. Miller is doing a great work among the scouts and every citizen should get behind him and help Pontotoc county to make the prize exhibit at the state fair. It can be done, so let's all do our bit and help the boys.

Mrs. F. N. Correll moved to Ada the first of the week. We regret to lose Mrs. Correll from our midst, but trust that she will be pleased with her new home.

Mrs. Edwin Garrett took her Sunday school class of 10 little girls on a picnic Monday evening. They met at her home with well filled baskets and then motored to Weaver's crossing on Boggy. A plunge in the cool waters brought on ravenous appetites and as the sun was setting supper was spread and at a late hour they journeyed home. The look of satisfaction on their faces spoke for the occasion of a well spent afternoon.

Mrs. C. L. Burnett and children and Mrs. G. C. Walker spent the week end with Mr. and Mrs. T. F. Perry of the Conway community.

OLYMPIC, Wash., July 18.—An attack by a cougar, one of very few on record, has been reported from the Olympic National Forest, Western Washington, by Glen Merchant, a former forest guard.

Mr. Merchant said the cougar sprang from some brush and tore off a trousers leg and severely scratched him. He hit the cougar on the nose with a fishing rod, and ran. The beast did not follow.

BIBLE THOUGHT FOR TODAY
REMEMBER THE SABBATH DAY, TO KEEP IT HOLY.
—Exodus 20:8. GO TO CHURCH SUNDAY.

LOVE, JOY, PEACE, LONGSUFFERING, GENTLENESS, GOODNESS, FAITH, MEEKNESS, TEMPERANCE: AGAINST SUCH THERE IS NO LAW.—Gal. 5:22, 23.

BEST AT A DISTANCE.

England gets ready to celebrate, in 1932, the 300th anniversary of the first use of forks by the British. Before then, they ate with their fingers.

Three centuries seem long ago. It is. But in 1632 when some unknown English progressive brought the first fork over from France, "the good old days" were at their best.

Shakespeare had been dead 16 years. The Immortal Bard never used a fork. He never even saw one. It must have been a sight to watch the people eat in those "good old days."

Sewage systems were not in use in the "good old days." Refuse and dishwater were tossed into the gutters. Small wonder plagues made people die like flies.

No one had running water for kitchen and bath. Carrying water in buckets a long distance or buying it from water carts—these are not attractive. People bathed so seldom that they had to invent high-powered perfumes in order to get within speaking distance of each other without suffering.

It was an age of discomforts and inconveniences. No labor-saving devices had been invented for homes. Women worked themselves into their graves prematurely.

Ignorance and medical superstition were frightful.

Morals several centuries ago were so lax that, by comparison, the jazz tendency of our generation is tame.

Crime was far more prevalent than now. No one could take a short stagecoach trip between towns safely without carrying a brace of pistols. Men were imprisoned for debts.

The "good old days" have been painted in romantic colors by fiction writers. That's why they seem attractive to people today. But if you could turn the clock back a few hundred years and live the life of those times, you'd buy a return ticket promptly.

A fiction writer makes an old-time dungeon alluring, romantic, adventurous. Truth is, the dungeon was damp, cold, dark, infested with rats, reeking with lice. Guards were brutal. Justice was slow. Penalties were severe. Food was mainly mouldy old bread and water.

Romance? Good old days? It's a joke!

Fine from a distance. The good old days are NOW.—Exchange.

A much advertised industry is recent years is that of silver fox raising. In times past the foxes were very rare and a pelt brought a fancy price, sometimes as high as \$1,000. This led enterprising frontiersmen to go into the business of raising the animals. This has met with such marked success that it is said that there are no fewer than 40,000 of the animals in the United States alone besides a lot more in Canada. Promoters have sold a great deal of stock in fox farms but with a large supply of the skins they are no longer rare and the price has dropped below \$400 on an average. It is time for the fellow who sold stock in a cat and rat ranch where the cats were to be fed on carcasses of the rats and the rats on carcasses of the cats after the hides had been removed for the market, should get busy again.

Already the campaign liar and twister of facts is busy. He is telling throughout the United States that Gov. C. W. Bryan was nominated for the vice-presidency to buy the support of his brother William J. for the ticket. Those who kept up with the proceedings will remember that on the day Davis was nominated Associated Press papers carried a statement from W. J. Bryan made immediately after the nomination, that he would support the ticket. His brother's nomination did not come about until several hours later and was made because he was considered the strongest man for the position in the Middle West which was even then recognized as the coming battle grounds.

It is reported that the foes of Mussolini, the strong man of Italy, are about to encompass his defeat. Mussolini has made some mistakes, no doubt, but he restored orderly government and saved his country from the horrors of anarchy which were becoming very real when he seized power and displaced the weak compromise of professional politicians with decisive action. However, it was not supposed that he would be allowed to complete his great work of restoration in peace. His enemies have never slept and may at any time displace him either by legal means or what is more likely, by assassination.

It is estimated that 100,000 aliens were smuggled into the United States last year. This form of smuggling and booze running have become rather profitable vocations for certain crooks.

A FORERUNNER OF A MIGHTY MOVEMENT.

Under the Israelitish laws youth became of age at 30. Until that time he owed strict obedience to his parents. Thus it was that Jesus remained with Joseph and Mary until attaining this age. He then laid down his carpenter's tools and made ready for the short and wonderful ministry of three years which was to result in changing the history of the world for all generation to come.

Shortly before this a strange figure appeared in the wilderness of the Jordan. It was a man clothed in the simplest of raiment and who obtained his food in the wilderness as best he might. He had pondered on the religious life of his people, the empty and hypocritical formality of the leaders of the Jewish church and the great hungering after righteousness on the part of thousands of devout, but humble members of the race. Fired with the zeal of a man with a mission he began preaching repentance and impressing on his hearers that the kingdom of heaven was at hand; that the Messiah, foretold since the earliest time of creation was soon to appear. It was at this point that the Jews received their first definite knowledge that the new kingdom was to be spiritual and not a temporal empire as taught by the leaders who longed to see the Roman power swept away and the Jewish nation the supreme power of the earth. John made it plain that he himself was not the Messiah; that the expected one was far greater than he; that his own mission was to prepare the way for the one to come.

The eloquent appeals of John soon drew multitudes to his wilderness retreat and at length he attracted the attention of the high dignitaries of the church. They too came but it was a stinging rebuke and call to repentance that they received. John was no respecter of persons. Sin to him was an abomination whether in high places or low.

However, thousands of the humbler classes believed and were baptized as a symbol of cleansing from sin and the covenant of obedience to the will of God. Thus the way was prepared so that when Jesus began his mission they were ready to receive him. His way had indeed been prepared, just as would be the case of a royal personage making a journey and sending messengers before him to prepare for his arrival at different points along the road so that he would be expected and not put to inconvenience. Having heard and believed John the multitudes, made glad by the assurance that the Messiah was at last to appear, were ready to accept and did accept the teachings of Jesus as was evidenced by the crowds that followed him from the beginning of his ministry.

Finally Jesus himself came to John for baptism. He had no need of repentance and John demurred to His request for baptism, but He insisted that it was necessary as a symbol of obedience. He was not claiming exemption from the law. John finally consented and then came the great revelation from heaven with the falling on him of the spirit and the voice proclaiming Him the Son of God in whom His Father was well pleased. It is uncertain whether John was convinced before of the true nature of his kinsman, but he now fully acknowledged Him as was shown shortly afterwards when he pointed Jesus out to some of his own disciples as the Lamb of God. However, when in prison and feeling despondent John had his doubts just as others have experienced at times and sent some of his disciples to ask Jesus the direct question whether he was the Messiah or should the nation expect another. The inquirers were called upon to witness the works of Jesus and told to relate these to John. No doubt this convinced him and he died in the faith.

Today's lesson leaves the student on the threshold of the great events that were to shake the world. The lessons for the next few weeks will give an outline of the beginning of the movement which was to result in the establishment of the kingdom of righteousness in the earth.

The Tulsa Tribune admits that Tulsa is slightly behind the times in not having a tourist camp ground, such as hundreds of other places have provided. The Tribune is right about it. All towns on well traveled highways should by all means make provision for the tourists. In the case of Tulsa we are a trifle interested because a heavy volume of traffic will head from this section through there as soon as the Canadian bridge north of Ada has been completed. When we are able to buy a lizzie we may possibly want to make a trip that way and will need a good stopping place.

In the good old days a Democratic nomination in most parts of Oklahoma was the same as an election, but this year it looks like a real fight will go on right up to the November election. Both the Republicans and Farmer-Labor parties are putting out tickets and with the La Follette bunch busy there will be plenty of excitement all the way along.

Maine holds her state and county elections in September. For a generation the size of the Republican majority has been taken as a barometer indicating the sentiment of the nation towards the party. The Democrats have captured the state two or three times, but generally can only hope to make the best showing possible just to show how public opinion is swinging.

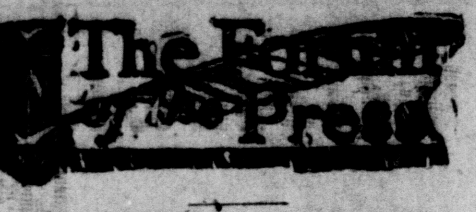

Evidently the favorable publicity he received for his manner of handling the Daugherty investigation went to Senator Wheeler's head. He is now La Follette's running mate and in that position will swim in publicity for several months to come.

To date Albert B. Fall has not been suggested as manager of the Republican campaign in New Mexico. Four years ago he was the king bee of the hive out there. Has something happened to disturb the relations with the party?

The greatest trouble in separating the sheep and goats of a church or other organization is that no one is willing to be made a goat. Who is to pass judgment anyway?

Family trees are O. K., but look at the fruit that the latest branches sometimes carry!

Let a NEWS WANT AD get it for you.

NOT THE TIME TO QUIT

(Cincinnati Inquirer)
Disinclination of able men of affairs to accept public office is one of the outstanding misfortunes of present day politics. More strong men are needed, yet every day one, or more, is found putting aside opportunities when he could bring his experience and his talents into play for the public service. It is no less regrettable to find men retiring from office where they have rendered honest service because they consider time hopeless for the work that needs to be done for the good of the country.

An outstanding instance of the latter situation is the refusal of Representative Jost, of the Kansas City district of Missouri, to stand for re-election. In a letter to political friends he says he cannot afford to take time from his business for the hopeless task of trying to break the grip that blocs and groups of selfish interests hold on congress. He denounces the radical, socialistic and plain partisan alliances in the last session of congress. He says:

"The present distemper of the country must run its course. People will finally realize that prosperity depends upon something else than a legislative fiat, and that nothing but harm can come from any law passed to favor a certain and special class. The sound principles on which the fathers grounded this republic are out of fashion now but ultimately will again be in favor."

Representative Jost's constituency should reply to his letter in the words of the dying Lawrence, "Don't give up the ship!"

STRANGE QUALIFICATIONS

(Enid Democrat)
Admiring friends of a gubernatorial candidate refer with pride to the fact that "he is campaigning for governor in a tin lizzie." A congressman seeking reelection declared in a Fourth of July oration that he believes that the majority should rule and that the country should have some strict immigration laws. Another states that he is a taxpayer! So goes the merry old game of appealing to the sovereign voters of America. If campaigning in a tin lizzie qualifies a man for governor, then every jitney driver in America is qualified. If tax paying qualifies a man for the senate then every voter is qualified. Since majority rule is inherent and constitution and immigration is now restricted by air tight laws, every law-abiding citizen in the nation who believes in law enforcement is qualified to serve in congress. But after all, it is less important to know how a gubernatorial aspirant is traveling than it is to know where he is going and what he is going to do when he gets there. The country has reason to expect more from a congressional candidate with a constructive program than one who simply believes in a continuation of what has prevailed since the day the republic was founded. A man might well concede the creative genius of Edison or Burbank without becoming an Edison or Burbank himself.

Many Berliners Turn Dry

(By the Associated Press)
BERLIN.—Temperance restaurants are on the increase in Berlin. Whether this is due to the high price of beer and other alcoholic drinks or to an increase of the population which desires meals without drinks, the authorities do not agree. Proprietors of the alcoholless restaurants say the majority of their customers are total abstainers and are very much interested in the prohibition movement in the United States and other parts of the world.

W. H. FISHER.
JOSEPH ANDERSON

For Constable, Ada Township—
W. B. ADAIR
A. R. (BUD) HACKER
J. L. (Jim) MILLER.

MANY FEATURES FOR BOYS SCHOOL

Free Swim and Picnic for Bible School Students During Week

A number of special features have been planned by those in charge of the Boy's Bible school to interest the growing attendance through the coming week and to retain the drive towards two hundred students.

During the week just closed the attendance gradually increased until it reached the high peak of 142 boys from over the city. Several picnics and carnivals were in vogue during the week for outside of the regular classes. A number of important talks and instructive courses were delivered to boys on teachings found in the Bible.

Next week it is planned to have something exceptional at each chapel service. Some unique feature will be carried out to retain the interest of the boys.

A special feature Monday morning will be the address of J. R. Barton, superintendent of Okmulgee schools. Superintendent Barton will have a helpful address to bring to the boys.

Wednesday morning will see the students of the Boy's Bible school in a big parade through Main street and out to the Legion swimming pool where a water carnival will be held free to students of the school.

Examinations will be held Friday morning on the subjects up for discussion before the school during the past week. Immediately after the examinations are finished boys will be conducted to Byrds Mill for a big swim and picnic with plenty of good things to eat for all boys.

In order to assist those in charge of the school, parents are urged to assist in teaching all boys attending the school the Lord's Prayer.

An attractive certificate of graduation has been printed and is now in the hands of those in charge of the school and will be awarded to those who pass the examinations to be held next week.

The school is fostered by the Boy Scout Council under the auspices and direction of the Ministerial Alliance of Ada.

Let a News Want Ad get it.

HUGHES FAVORS DAWES DEDUCTION

Declares His Visit to England Unofficial; With Bar Association

(By the Associated Press)
SOUTHAMPTON, Eng., July 19.—Pressed for his views regarding the Dawes reparations plan, Charles E. Hughes, American secretary of state, upon his arrival here early today, on board the Berengaria said:

"The American sentiment is very strongly behind the Dawes report as it now stands and we believe that prompt execution of the report is of the greatest importance."

In an interview Secretary Hughes emphasized that his visit to England was unofficial and personal. Regarding the Dawes report, however, he declared:

"We are very much interested in having it put into execution. We hope it will be found possible to put it into effect at an early date. We consider it affords a sound basis for the economic recuperation of Europe."

LONDON, July 19.—Charles E. Hughes, American secretary of state, reached London at 10:30 o'clock this morning. He was accompanied here by Frederick A. Sterling, counselor to the American embassy, and by Consul General Skinner, who met him at Southampton.

To prevent infants sucking their thumbs an inventor has patented a cuff to be worn on their arms that keeps them from raising their hands to their mouths.

COLLEGE NOTES

Compared with the other teacher colleges of the state, East Central shows largest enrollment increase. The number of students attending the state colleges at Durant, Edmond and Tahlequah have also increased but not to the extent as that of East Central. Alva and Weatherford Normals show some decrease from the enrollment last year. The number of degrees for the spring and summer terms last year were thirty-eight, while for the same period this year there are fifty-four, showing an increase of 42 percent over the number given last year. The number of life diplomas last year were 233 while there are 304 to be given this year, showing an increase of 30 percent. Last summer the enrollment was 1,948 students and this year there are 2,315, showing an increase of 17.2 percent.

East Central had a larger summer school than did the Oklahoma university.

President Linscheid expresses himself as being exceptionally well pleased with the work accomplished by the faculty and student body this summer.

Degree class roll, July, 1924. Summer term.

A. B. degrees will be awarded to Mrs. Mattie Sue Bentley, Beatrice Black, G. H. Booker, Zuleka Burkhardt, Mrs. Gene Byrd, Mrs. Edna Hone Dickerson, Mrs. Nora DeLoe Foster, Dewey R. Gilmore, Jala Guin, Nina Mazo Harris, James Harry Hodges, Vera Howell, James Wiley Huff, Thelma Jeffress, Vera Ola Lane, Dr. Wilson H. Lane, Lee T. Low, Gilbert Montgomery, Mrs. Margaret Black Netzel, C. E. Wallace, Byron W. Weems, Moss Wimbley.

B. S. degrees will be awarded to Dr. O. McBride, Mrs. Francis McCracken, F. M. McCracken, Mrs. J. O. Olphardt, Churchill Winston Thomas.

Life diploma class roll, July, 1924. Summer term.

Beatrice Alewine, Lucy Virginia Abney, Flossie Allen, Bernice Brown Alton, Inez Bailey, Nellie Nabers Baird, Helen Baker, Myrtle Barnard, Mae Bentley, Elsie Benton, Grace Bertram, Vella Lattie Bess, Roberta Bloomer, Lois Bonfield, Cecil Dudley Booker, Ferrell Celeste Boren, Zella White Branscombe, Thelma Brisco, Thelma Brisco, Thelma Marguerette Bronaugh, A. High school graduates, Summer term, 1924:

Willie Katherine Boren, Mae Martha Boyd, Grace Brice, Ida Clark, Stella Mae Collier, Jewell Dew, Hugh S. Emerson, Evelyn Fautt, Lillie Griffin, James Marion Hamilton, Myrtle House, Helen Hughes, William Homer Hunnicutt, Eula Geneva Lane, Mabel Little, Ruby Lunceford, Alberta Matherly, Ivan McCoy, Ona O'Neal, Marguerite Nelson, Mable Kellogg, George H. Ray Christine Smith, Pearl M. Stevens, Bertha Sturdevant, Mrs. Cecile Thomas, Francis J. Watson, Olie M. VanCannon, Wynona Juanita Davenport.

Senator Holloway has for many years been one of East Central's sincerest friends. He is a great worker for all educational institutions and devoted much time to the welfare and upbuilding of Oklahoma teacher colleges. Senator Holloway's home is in Hugo, where he started his career as principal of that high school. He was county attorney for four years and has been state senator for four years. Mr. Holloway sponsored all educational bills that were passed, stood for the \$15.00 amendment and worked to aid the weak rural schools. Realizing that the best way to help rural schools was through the teaching forces, he has been devoting much of his time toward preparing teachers to better serve the rural districts.

Thursday morning in the college auditorium Senator Holloway will discuss education from the business man's standpoint. President Linscheid expressed himself as believing that this address will be worthy of everyone's attendance who is in any way interested in the welfare of better education.

President A. Linscheid, who has just returned from Oklahoma City, reports that the state text book commission completed its labor completed its labor Thursday evening. He expressed himself as being well satisfied with the books adopted. Changes were made only when such changes were certain. Twenty-five percent of the high school text books were re-adopted, and many of these changes were for cheaper books which are practically equal to those that are now being used. Consistent effort was made to speed up the work and get the books here by the time the fall term opens. The total adoptions will represent twenty-two publishing houses. The principal ones being Ginn and company, MacMillan company, Scott Farsman, American Book company, Lions and Carnahan, Bobbs Merrill and Row Peterson. President Linscheid believes that the selection as a whole were wise and he is very optimistic over the outlook for the future of Oklahoma schools.

Program for the baccalaureate services of East Central Teachers College, today at 11 o'clock, at the Convention Hall:

Processional.—College Orchestra. Invocation, Rev. E. O. Whitwell, pastor First Presbyterian church.

Hymn "Holy, Holy, Holy"—Congregation.

Prayer.—Rev. C. C. Morris, pastor First Baptist church.

Announcements.—A. Linscheid, president East Central State Teachers College.

Anthem, "The Heavens Resound"—Beethoven.—College Chorus.

Scripture reading.—Rev. J. W. Wallace, pastor First Christian church.

Solo, "Lead Kindly Light"—Miss Martha Cantrill.

Sermon.—Rev. C. C. Weith, pastor First Presbyterian church, Admore.

Anthem, "God of Our Fathers," Warren.—College Chorus.

Benediction.—Rev. R. T. Blackburn, pastor First Methodist church.

Recessional.—College Orchestra.

ROFF

MISS GENEVA J. HEATHMAN, Reporter

Mrs. Georgia Alvis and daughter Winnifred, returned this week from Chicago where they have been attending school.

Miss Grace Scott of Milburn, is visiting her cousin, Miss Lenore Johnston, this week.

Mr. Lash spent last week end in Norman where his family resides. His daughter is attending school there.

Mrs. Fern Stroud of Okemah, is visiting parents here this week.

Mrs. J. S. Cussenberry, who is attending the normal in Ada this summer, was home last week end.

The Baptist meeting begins Sunday, July 20. Brother Duncan, of Wynnewood will conduct the meeting which will continue two weeks.

Mrs. B. E. Braselton and son Kenneth, returned this week from Byrds, where they visited relatives.

Mr. and Mrs. Ross Richardson of Houston, Texas, are visiting relatives and friends here.

The ladies of the civic league gave a forty-two party last week in their new club house. There were ten tables. All the guests reported the civic league charming hostesses. Delightful refreshments were served.

Miss Lenora Johnston left Friday for the Osage where she will visit friends. She motored through with the Saunders family and Miss Lily Beck.

Lawrence Bohannon, who has been confined to his bed for the past three months, died at his home Wednesday night at ten. The remains were carried to Vanoss after services at the Baptist church in Roff.

A study course is now being conducted in the B. Y. P. U. of the First Baptist church, under the direction of Rev. A. H. Owen.

Mrs. J. T. J. Hughes is here visiting her son, Mr. Hugo Hughes, this summer.

Oklahoma University

Professor Author of Treatise on Geometry

NORMAN, July 19.—(Special).—Dr. Nathan Althushiller Court, professor of mathematics of the University of Oklahoma, has just received proof of a treatise on "College Geometry" which is being published in the American Mathematical Monthly.

Dr. Court treats of the subject of geometry historically, bringing it down to the present day and criticizing the tendencies of American colleges to neglect modern geometry for the older projective geometry. Next year, Dr. Court will sail for Europe where he will do mathematical research in France, England Italy and Poland. He is a graduate with the doctor of philosophy degree from the University of Ghent, Belgium.

Arsehic has been found in appreciable quantities in all organs of the human body.

IN SOCIETY

MRS. BYRON NORRELL, Editor

Phone 998 between 10 a. m. and 12; 307 between 1 p. m. and 3.

Week-end House Party

Miss Jeoraldyn Lee is entertaining this week-end with a house party at the Mac Lee ranch.

Guests are: Pearl Montgomery, Nellie Mae Bentley, La Verne Driskell, Edna Mae Gregg, Elsie Dee Hester, Mable Jordan, Marvyn Brydia, Nena Bee Bentley, Martha Louise Allen, Mrs. Jesse Warren and children La Verne and Jack.

MR. AND MRS. WILBUR LEE ENTERTAIN AT DINNER

Mr. and Mrs. Wilbur P. Lee and son, Robert Edward, entertained at 6 o'clock dinner Tuesday in honor of Miss Mary Beth Donoho of Guthrie, who is a student in the Teachers College.

Those seated with the honor guest were Eddie Mae Horn, Kathryn Wilenzick, Annie Mae Moore, Maurine Hill, and Edna Mae Gregg.

MRS. BILES ENTERTAINS WITH BREAKFAST

Mrs. Hugh Biles entertained with a breakfast at her home on East Thirteenth street Saturday morning honoring Miss Ida Hoover who leaves soon for Paris, France, and Miss Annie Weaver Jones who will spend next year at Peabody college.

Those seated with the honor guests, Misses Hoover and Jones, were Misses Lyday, Hornbeak, Mrs. I. K. Stearns of Bryson City, N. C., and hostess, Mrs. Biles.

Miss Ruth McMann Coming

Miss Ruth McMann of Oklahoma City, a former student of Mr. L. J. Barton of Henryetta and who is now a member of the summer session at the college, will arrive Sunday for a visit to friends and will appear in recital at the Monday morning chapel exercise at the College and will sing at the evening services at the Presbyterian church.

Miss McMann has been studying in New York City the past winter and has had many lovely things said of her voice by the best critics of the east. Mr. Barton is known throughout Oklahoma as a voice builder and tireless in the long slow process of tone placement and proper enunciation.

Entertain With Birthday Party

Little Jennie Lou Jared, North Ash avenue, entertained her wee friends with a birthday party Saturday afternoon.

After an hour of games, music and story telling the little folks were conducted to the dining room where a beautiful white birthday cake, decorated with four candles was served with pink ice cream cones. The guests were: Mona Ruth Crockett, Dorothy Jared, Bette June Sarrett, Earl Boswell, Oleia Franz and Jimmie Lou Jared. Miss Glossie Jared assisted Mrs. Joe Jared in the entertainment of the little folks.

Pi Kappa Entertained

Mrs. E. C. Hunter, patroness, entertained members of the Pi Kappa Sigma sorority Thursday evening at the Norman Howard pool with a swim party.

Following a delightful plunge for an hour or more guests of the evening motored to the Hunter home where bridge was enjoyed throughout the remainder of the evening.

Refreshments of ice cream and cake were served on the lawn to the following: Olga and Pearl Montgomery, Ted McKeendree, Francis Tunnell, Louise Marney, Vivian and Veda Reed, Edith and Lucile Chapman, Mary Bella Harvey, Lois Burton, Mozelle Sigan LeVern, Cottingham, Geraldine Hale, Grace Keel, Bessie Hill, Martha Oliphant Ruby Andrews, Moselle Hunter, Lydia Layde, Mrs. Hugh Biles and sister, Mrs. I. K. Stearns of Bryson City, N. C.

FORMER EAST CENTRAL STUDENT IN GRAND OPERA

A former student at East Central has attained a lofty peak in the difficult tread to opera recognition. Miss Inez Evelyn Cameron, who formerly attended the College here, has the distinction of winning favorable attention from voice critics in Paris.

Following is a clipping from a Henryetta paper concerning Miss Cameron's musical success:

"Our people may not remember Miss Inez Evelyn Cameron is studying abroad, but that is true. From a Paris newspaper comes a very flattering account of her recent appearance before a Paris audience in a recital.

"Miss Cameron is a daughter of Mr. and Mrs. James Cameron of this city, and has devoted herself to music all her life. She studied in Kansas City for four years, receiving the special attention of the ablest instructors of the west.

"From there she went to France, three years ago, and has pursued her work in that country since then. She is in grand opera, and has had the benefit of the best instructors in Europe. Her natural ability and these years of unremitting effort have borne fruit, and the young lady is apparently entering upon a brilliant career.

From the newspaper forwarded from Paris, it is learned that she appeared in several numbers before a highly critical audience of Parisians and others from the cultural centers of Europe.

"In a concert by Professor Byrno, of Paris, but formerly of Cincinnati, Miss Cameron sang several selections, and was warmly applauded.

"In a solo, "Air D'Ophelia," Hamlet, she did excellently. In a duo, "La Cidarmen Laman, by Mozart, with Mr. George Williams, of Florida, she won enthusiastic appreciation. Again she won much applause in "Romeo and Juliet," by Gounod, singing with M. L. Rousseau, the tenor of the opera.

"Miss Cameron has been studying with Jean de Reszke, of Nice, for the last three years, but during the summer months studies in Paris with Professor Byrno."

ALUMNI BANQUET PROVES SEASON'S ENJOYABLE EVENT

The banquet given at the Harris Hotel by the College Alumni association Friday evening at 7:30, in honor to the summer degree class, proved to be a great success. Mr. Vernon sounded the keynote of the evening when he expressed the necessity of full co-operation between the state colleges for a good and wholesome growth.

Prof. R. S. Newcomb told of the growth of the college since 1920 at which time there were 4 degrees conferred, while this year there were forty-seven. In 1918 there were four degrees conferred and this year there are 345.

Mr. B. W. Weems gave an interesting talk as to how athletics can be secured and the importance of a helping hand in connection with them.

Other speakers who delivered interesting messages were Prof. Hugh Norris, Mrs. Lever, Prof. R. R. Robinson, and Moss Wimbley.

There was a few minutes devoted to a business session at which time new officers were elected and a few new resolutions passed. B. C. Moffet, president, W. K. Newcomb, secretary, while Mr. Vernon, Mr. Dwight Smith and Mr. Treadwell were elected to serve as the executive committee.

The new resolutions that were passed were:

1. Resolved, that we favor good roads to E. C. S. T. C. from all parts of this college district.

2. A motion to provide the secretary of the alumni association with a card index filing case in order that the address of association members may be available.

3. That the association go on record favoring adequate awards for individuals who are entitled to awards, especially those who have never received the awards.

4. Realizing the need of an employment bureau, be it resolved that we favor establishment of an employment bureau as soon as possible by the association.

5. Be it resolved by the association:

YOU CAN'T STARVE AND BE STRONG

The old theory of "diet" in treating

DIABETES

is like expecting an automobile to run without gasoline. My book, "Eat and Get Well," telling how to stop this useless starving and eat the food you need will be sent free, postpaid, to any sufferer of diabetes. Write now to M. Richartz, Dept. 374, 220 W. 42nd St., New York.

tion that we are in favor of granting a medal to the student who makes the highest grade for the year in the college in the degree class, and be it resolved that we pledge our loyalty and support to the institution.

6. Be it resolved by the alumni association in its annual session that we are heartily in accord with the East Central Teachers college in holding the annual home coming day.

7. And whereas, the holding of the May Fete, and inviting of the high schools of the district to take part in the same, did a great deal to bring the college in close touch with the most distant communities, we recommend that this be made an annual affair.

8. Whereas many of the East Central letter men of the past have gone without reward in the different activities. We favor giving all students who have taken part in some activity of the college an annual life past to all activities.

We wish to thank the college for procuring a meeting place for all East Central people at the state teachers meeting, and inviting the alumni to take charge of the same. We wish to assure the authorities that we will make it an attractive meeting place.

9. The executive committee shall consist of the president, secretary-treasurer, and six vice presidents.

The president and secretary shall be elected annually for a term of three years, by a majority of the paid-up members.

10. The annual meeting shall be held at the time of the annual home coming day. The date is to be set by the executive committee.

Provision shall be made for the initiation of all who, having become eligible to membership within the year, may desire to become membership within the year, may desire to become members in full and for the transaction of such business as may regularly come before it.

11. A quorum to do business shall constitute 51 percent of the paid members. A written vote shall be opened and counted before the business session and shall be counted as a member present. Special meetings shall be called by the president acting for the executive committee or for as many as one-third of the members in this association in petition.

12. This constitution may be amended by an affirmative vote of two-thirds of the membership provided the proposed amendment shall have been submitted in writing at least one month before annual session, such list shall be mailed by the secretary to all members.

13. All candidates must have their names filed at least thirty days before the annual meeting, and the secretary shall mail a list of such candidates, with blank ballot therefore to all members. The vote shall count, provided the member has paid the annual dues and provided the ballot shall be returned to the secretary at least five days before the annual meeting. The ballot shall be opened before the annual meeting in business session, provided that this amendment shall not be construed to mean to prohibit any one from voting at the annual meeting who

has not returned his or her ballot to the secretary.

The black and gold caps shall be made emblem of this association.

All of those who had the opportunity to attend this banquet expressed themselves as having a most enjoyable and profitable evening.

Ada Evangelist to Begin

Series of Services Here

Rev. Lum Jones of Ada

Rev. Jones will begin a series of revival meetings at the Nazarene church, corner of Oak and Ninth, next Friday evening, July 25. The music will be under the direction of Prof. Paylor, who will be assisted by his three daughters. Prof. Paylor is from Nampa, Idaho. The evangelistic party is considered one of the strongest the local congregation has ever brought to the city. Services will be conducted twice a day.

Educational Director.

Skiatook Celebrates

Installation of New

Street Lighting Plan

(By the Associated Press)

SKIATOOK, July 19.—This city was host tonight to several hundred visitors from Tulsa and other neighboring cities as Skiatook formally dedicated its new "white way."

Twenty-seven new street lamps, of the latest type used in the more important cities of the country, have been installed along the main thoroughfare, giving the street the appearance of a new Broadway in miniature, compared with what it was several weeks ago.

A carnival was held while the invited guests were taking part in the official ceremonies. A band played all day in the New Broadway where it can be heard all over town.

The street lights were installed without additional taxes. The local chamber of commerce raised the funds. Charles Page of Sand Springs millionaire philanthropist, threw the switch to set the street afire.

An excellent polish for mirrors can be made by pouring boiling water over used tea leaves and straining off the liquid.

PERFECT ICE CREAM

CRISWELL

618 FUNERAL DIRECTOR

ADA.

By HARRY MILLER

Every boy scout in Ada certainly wants to do his best to make every visiting member of the American Legion welcome here. Booths will be erected and scouts put in charge of them. If it is agreeable to the American Legion we will be glad to run a check stand for the convenience of visitors. Scouts will be asked also to assist in locating people and taking them to their rooms. If you are a scout place yourself at the service of these visitors, who are our guests.

Several men in Ada have recently done the scouts some exceptional good turns which the council wishes to acknowledge. Mr. T. B. Blake of the Ada Coca Cola Bottling company kindly loaned the scouts one of his trucks and drivers and took the boys to Boggy.

George W. Young, who is operating and superintending a new saw mill for the Sledge Lumber company down on Patapa river out of Atoka assisted the scout executive and Judson Treadwell, scout master of Troop 2, while on the recent camping trip. Also when the axle on the trailer broke he came and got it and welded it for us which was greatly appreciated. Then he also helped get our Ford over the hill.

The college quartet assisted by Misses Bonnie Callis and Mary Belle Harvey will go to Tupelo Sunday evening and give a program there for the benefit of the Tupelo scouts. This same group will go to Allen Tuesday night and give a program over there for the Allen scouts. This musical group has given quite a few fine programs for the scouts, and we appreciate their efforts very much.

All Ada scouts should do their full part to get all the weeds cut around the town and keep the grass mown so that Ada will put on her very best appearance during the legion convention.

Here is hoping that Jack Loyd, our genial oil man gets a big oil well. He was over at the Greenwood swimming pool last Wednesday and seeing the boys of the Bible school

TULSA PREPARING FOR OIL CONGRESS

City to be Host to Many Of Leading Oil Men Of World

(By the Associated Press)
TULSA, July 18.—Tulsa will be host in October to some of the most important oil producers in the world in addition to sponsoring the only petroleum exposition and congress held in the United States. In conjunction with the second International Petroleum Exposition and Congress, to be held here October 2-11, English, French, Russian and Italian oil men will devote a week to study of local oil plants.

Not only will notable oil men attend, but ambassadors and other diplomatic representatives from foreign countries are expected to be here. Among them are: Pedro M. Araya, minister to the United States from Venezuela; Felipe A. Espil, counselor of embassy and charge d'affairs ad interim for Argentina; Soa Ke Alfred Sze, envoy extraordinary and minister plenipotentiary for China; J. J. Surresand, ambassador for Germany; Sir Esme Howard, ambassador for Great Britain; Don Gelasio Gaetini, ambassador for Italy; Masanao Hanahara, ambassador for Japan; Senor Don Manuel C. Tellez, charge d'affairs for Mexico; Jonkheer Dr. A. C. D. de Graeff, minister for the Netherlands; Hussein Khan Ali, minister for Persia; Senor Alfred Gonzalez Prada, charge d'affairs for Peru; Dr. Ladislav Wroblewski, minister for Poland; Prince A. Bibco, minister for Rumania and Aziz, head of the Egyptian legation.

Some of the foreign oil men who have written that they expect to at-

tend are: Henri Gault, director de l'Institut du Petrole de France; Adre Pellissier, general superintendent of producing and refining for the Peachelbroun company of Strassbourg; Paul Ehrhardt, son of the managing director of the company and his brother, Roger.

A delegation of Japanese oil men already have arrived here. They are all officials of the Nippon oil company. The party includes S. Nomato vice president; M. Yamaguchi, auditor; M. Yamado, engineer; all of Tokio, and H. Kishi, American representative.

There were a number of foreign notables at last year's exposition. The number this year is expected to exceed that of 1923 by almost double, at least, E. E. McIntyre, general manager of the exposition predicts.

SPANISH TEACHERS DESERT JOB FOR BETTER PAYING WORK

(By the Associated Press)
MADRID.—A movement for higher salaries for professors in the universities and technical high schools has been inaugurated in Spain. The professors, it is pointed out by The Liberal, receive an average of 4,000 pesetas annually, or about the same as an ordinary clerk in an office.

When the salaries were fixed the value of 4,000 pesetas was between four and five times as much as today. As a result many professors have been obliged to seek other means of earning sufficient on which to live and now are found in all sorts of employment.

FOR TRADE

Partly improved 80 acre farm, good house and barn, in northwest part of county. Will trade for city property. Address A. C. care of Ada News, stating what property you have.

BABE RUTH CHESTY ABOUT PHENOMINAL RISE TO HIGH HIT CHIEF OF AMERICAN RACE

(By the Associated Press)

CHICAGO, July 19.—Babe Ruth, who, in 1921, gave the baseball world something to talk about when he slammed out fifty-nine home runs, today has a right to stick his bulging chest out just a bit farther. The Bambino has crashed into the batting leadership of the American league with an average of .384, leaving "Bib" Falk of the White Sox, the leader a week ago, in second place with .369.

Ruth, in his climb to the top, gathered seventeen hits in his last nine games, four of which were homers. This gives him a total of 108 hits thus far this season and a string of twenty-six homers, the high mark of the major leagues. The figures are based on games including those of Wednesday.

Goslin of Washington elevated himself to third place with an average of .353, followed by Ty Cobb with .349. Jamieson of Cleveland slipped into place with .347. Maurice Ardechaon, outfield star with the White Sox, is batting .380, but has only participated in forty-two games.

Eddie Collins of Chicago continues to blaze the way for the base stealers, adding, three for a total of twenty-four, a safe margin over his rivals. Other leading batters: Sheely, Chicago .338; Heilmann, Detroit .366; Jacobson, St. Louis .332; Mostil, Chicago .322; J. Sewell, Cleveland .330; Speaker, Cleveland .329; Meusel, New York .328; Collins, Chicago .326; Judge, Washington .325.

George Kelly, first baseman with the New York Giants was the week's sensation in the National league. He made seven home runs in six consecutive days, which is a new major league record, and now has fourteen homers to his credit. Despite his hard hitting, however, he moved up the ladder only a few points in percentage, being topped by his teammate, Snyder, who is in third place, with an average of .364. Kelly's mark is .360.

Rogers Hornsby of St. Louis is still above the 400 mark, his average being .401 giving him a comfortable lead. His closest rival is Zack Wheat of Brooklyn, who is second with .375.

Jack Fournier, a teammate of

Wheat's in his attempt to avert take Ruth for the home run honors, pounded out four circuit drives running his string to twenty-one. Max Carey of the Pirates cut loose on the base lines and as a result ran his total of stolen bases to twenty-three, giving him a substantial lead. Other leading batters:

Young, New York .352; Fournier, Brooklyn .350; Roush, Cincinnati .345; Bressler, Cincinnati .342; Grigsby, Chicago .333; Frisch, New York .320.

The three cornered race for batting honors in the American Association involving Dessen and Neun, the St. Paul stars, and Bunty Brief of Kansas City, has practically overshadowed everything in the league. Dessen, entrenched in third place suddenly advanced over the breast works to the top with an average of .393.

His margin, however, is only one point better than that of Brief, while Neun, the other Saint, is pounding away at a .391 clip.

Neun is far in advance of the base stealers with a total of 31 thefts. Reb Russell of Columbus is leading the home run hitters with 14. Brief and Earl Smith of Minneapolis and Elmer Smith of Louisville have gone into a triple tie for second place honors with 12 each. Christensen of St. Paul is leading the run getters with 97.

Other leading batters: Earl Smith, Minneapolis .370; Christenbury, Indianapolis .347; Allen, Indianapolis .343; Russell, Columbus .342; M. Shannon, Louisville .341; Brooks, Columbus .338; Tyson, Louisville .332.

By smashing out fourteen hits in his last nine games, Guyon of Little Rock climbed up on the batting leaders of the Southern Association. In ninth place a week ago, Guyon today is perched in fourth place with an average of .348. J. Smith of Atlanta, is leading with .386, while Carlisle of Memphis, runner-up a week ago, is trailing with .372 with Burrus of Atlanta, third with .354.

Lapan of Little Rock dropped to sixth place. Anderson of Chattanooga with fifteen homers is leading in circuit

JOSH LEE AUTHOR OF SPEAKING TEXT

Oklahoman Publishes Public Speaking Manual for School Use

NORMAN, July 18.—(Special)—Josh Lee, head of the department of public speaking of the University of Oklahoma has just received advance copies of his new book, "Public Speaking Manual," written during the past two years and published by the Harlow Publishing company of Oklahoma City.

Lee's book was written to fill the need in high schools and colleges for a text book designed to be used in expression, extemporaneous speaking, impersonation, dramatic reading, plays, debate and oratory. The book is the result of many years of teaching in Oklahoma Baptist University and the University of Oklahoma in which Lee found that there was no text designed to cover the field adequately.

Hundreds of inquiries from high school teachers, business men, professional men, politician and public men for such a book, convinced Lee that the need for one was great.

The book is divided into four parts, expression, dramatic art, extemporaneous speaking and debate, and oratory and is complete with references and bibliography designed for from one to four years of study, according to the demands of the school in which the text will be used, Lee said.

Lee is a graduate of the University of Oklahoma and has lived in Oklahoma since he was three years old. He is one of the best known chautauqua lecturers in America and has been engaged in chautauqua and lecture work for the past five years.

"I am not offering anything novel or startling in the field of speech, but I have attempted to organize

drives, Marriott of Mobile is the premier base stealer with 32 thefts, while Stewart of Birmingham, is on his heels with twenty-one.

Other leading batters: Paschal, Atlanta .347; Lapan, Little Rock, and New Orleans .346; Yaryan, Memphis .344; D. Williams, Mobile .342; Tucker, New Orleans .340; Barber, Little Rock and Memphis, .339.

the material and subject matter in a teachable form into one text where now there is chaos and disorganization," Lee said.

The book was completed and sent to the publisher while Lee was studying for his master's degree at Columbia University, New York last school year. The degree of master of arts was conferred on Lee by Columbia in June and he returned to Norman then.

Florida Man Plans to Hunt Lions with Bow and Arrow

(By the Associated Press)
DENVER, Colo., June 25.—E. R. Welch, a Florida nimrod, will hunt mountain lions in Colorado this summer armed only with bow and arrow, he has notified Stanley P. Young, in charge of the predatory animal division for the United States biological survey.

"No question about getting the mountain lions if I get a shot at them," Welch wrote. "I can put an arrow through a one-inch plank. All I ask is that the lions be freed first. I'll guarantee to knock them off the highest branches."

Young assured Welch he would be welcome to chase mountain lions from one end of the Rockies to the other.

LODGES

I. O. O. F.—Ada Lodge No. 146, regular meetings every Thursday night.—A. F. Johnson, N. G.; H. C. Evans, Secretary.

KNIGHTS OF PYTHIAS—Magnolia Lodge No. 145, meets every Tuesday night. Visiting knights cordially invited.—C. A. Cummings, Chancellor Commander; Robt. T. Williamson, K. of R. S.

Ada Chapter No. 78, O. E. S. meets second and fourth Thursday nights in each month. The second Thursday will be business and the fourth initiation and social.—Margaret Peay, W. M.; Cora H. McKeel, Secretary.

K. T. M.—Ada Commandry No. 26 Knights Templar Masons meets third Wednesday night of each month.—LAYTON CHILCUTT, M. C.; F. C. SIMS, Secretary.

A. F. & A. M.—Regular meetings of Ada Lodge No. 119, Monday night on or before the full moon in each month.—E. C. PEAY, W. M.; F. C. SIMS, Secretary.

R. A. M.—Ada Chapter No. 26, Royal Arch Masons, meets the second Tuesday night in each month.—MILES C. GRIGSBY, High Priest; JOHN GARDNER, Secretary.

MUTT AND JEFF—You Know a "Birdie" is One Under Par and an "Eagle" is Two Under Par.

By Bud Fisher

LUBRICATION IS MOST ESSENTIAL

Instruction Book Does Not Always Give Most Practical Points to Owner.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)
The average car owner is prone to follow the instructions which he finds in the book which accompanies his car, and he is careful to do nothing, unless he finds a suggestion in a magazine or in that same book of instructions.

He fills the base of his engine with lubricant when oil is necessary, as indicated by the gauge, and he is careful to see that the pressure remains at a certain figure while the engine is running. The instruction book does not always advise the owner further regarding the oiling system.

Sometimes Inferior Oil.
You may have liquid in the base of your engine, but is it a lubricant? Many times this liquid is a combination of cylinder oil and water. Its lubricating properties are poor, and should the bearings burn through lack of oil the owner is very apt to blame the oil for the trouble. He immediately buys oil of another grade or oil that is made by another manufacturer, without, however, knowing the reason for his trouble.

Depending upon the type of engine, oil in the base should be changed regularly. Old lubricating oil should be drawn out from the base and thrown away and new put in, for at least every thousand miles of riding. In some cases it is advisable to renew the oil much oftener.

Clean With Light Oil.
Make a point of cleaning it with light oil every time the lubricating oil is renewed. Put in about one quart of light oil and turn the engine over by hand, with the petcocks open, a dozen turns or so. (The light oil will loosen the particles of grease and have a tendency to drive out the dirt. It is not advisable to run the engine while the light oil is in the base. It may do no harm. On the other hand there is a possibility that it will damage the engine.)

After the engine has been cleaned in this way, draw off the light oil, and while the drain cocks are still open turn the engine over two or three times in order to drive the light oil from the system. Clean the pump strainer, if there is one, then put in a good grade of oil.

Japanese Industries Recover From Earthquake Paralysis

TOKIO. —The rapid recovery of industries in the Tokio area, which suffered from the earthquake and fire of September 1, is indicated in employment figures published by the government. The best barometer of recovery is the absorption of unemployment labor.

The figures show that nearly 6,000 workers in Tokio were taken back by the factories in March, while in April the figure was expected to approach 7,000.

Printing houses and candy factories have had the greatest revival and are working now on a production scale higher than that before the earthquake and employing more labor. The metal work industries, which languished for months after the disaster, are approaching normal conditions again.

"FILLING STATIONS" FOR THIRSTY MOTORIST

If there is anything that gives joy to the summer tourist on a strange road in the summer time, it is to find a spring of pure, cold water. These springs are often found along well-traveled highways, where they provide the best of "filling stations" for the hot and thirsty motorist. They also give him the chance to replenish the supply of water in his radiator.

The one drawback of these springs is that if they are much frequented they often become contaminated; careless persons throw rubbish in them. The water thus is sometimes made unfit for drinking. To prevent pollution of these sources of water the springs must be sealed up so that the water may be

obtained without there being any chance of contaminating the source. In many places this is being done by sealing the spring up with some sort of a concrete shield, leaving only a small opening through which the water flows. The accompanying photograph shows an instance of this practice along a West Virginia highway. In this case the overflow is piped to a horse trough farther along the road. Installation of such conveniences for motorists, even placing of good wells of sanitary construction at intervals along the road, do much to enhance the joys of summer motoring. They also make it much more safe by protecting the tourist from impure water.

VISALLA, Cal., July 17.—O. W. Lovern, pack train concessionaire in the Sequoia National Park, recently trailed a six-foot mountain lioness through the night by the lights of his automobile, she came directly into the glare of the headlights. In his haste Lovern shot through the windshield, but killed the beast. The lioness had frequented the road and occasionally had been seen by motorists, to their consternation.

Truck Drivers Should Observe Much Caution

Don't overload.
Don't speed.
Don't throw clutch out on grades.

Don't fail to be courteous at all times.
Don't forget to keep to the right at all times.

Don't forget that others have as much right to the highway as you.

Don't stop on a public highway unless you give signal and always stop as far to the right as possible.

Don't figure what the other fellow will do. Always keep your own car under control.

Don't carry passengers on the seat with you who will detract from your business of driving.

Don't ignore the sound of a horn from the rear. Let the autoist pass. It is his right.

Don't take the right of way from the other fellow when it is not yours.

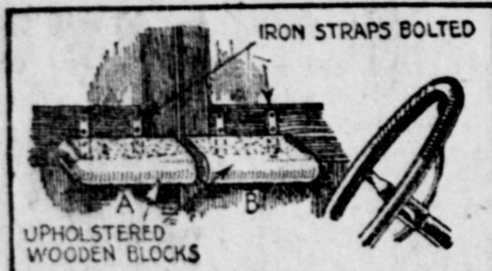

Don't ever fail to stop at school crossings. You owe it to the little children to exert every care. A human life is worth more than getting to your destination on time.

Don't park your car on the highway at night without a tail-light burning. Your negligence may cost a life.

Fatigue of Driving Is Relieved by Arm Rest

To drive a sedan many miles is tiresome because there is no logical place to rest the left arm, so I built a rest that allows my arm to slide backward or forward.

Two blocks of wood six inches long are used, A fastened to the left door and B to the left front window trim. Each one is rounded on one end and

The Arm Rest in Place.

the outside edge and then covered with upholstery, as illustrated.

Two strap irons were screwed to the flat inside edge of each block and bolted through the window trim and door. By unloosening the nuts, the bolts can be removed at any time and the rest taken off. There are no fastenings to vibrate, as on portable arm rests.

The ends of the blocks almost butt together when the door is closed and make a continuous rest.—L. B. Robbins, in Popular Science Monthly.

Automobiles Seem Cheap When Bought on This Basis

WINSTON-SALEM, N. C., July 18.—Automobiles are being sold here by the pound. An enterprising dealer who handles his wares at 33 1-3 cents a pound. His advertisements set forth the weight of the cars, together with the total price at so much a pound, and compares the price with that per pound of everyday necessities of life.

It is said the unique method of advertising has proved unusually successful.

Let a News Want Ad get it.

TREAT YOUR CAR WITH AFFECTION

Fact That It Is Inanimate Thing Is Lost Sight of by Considerate Owner.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)
Man's tendency to ascribe a personality to his automobile is in no way surprising. It is just a natural outgrowth of his innate love of pets.

Where he used to have a horse as a companion for his play hours he now bestows the affection of a master upon his motorcar. Even his dog must share the petting with the sleek, speeding, gasoline quadruped.

So man has come to give his favorite car a soul and a name. The fact that it is an inanimate thing in the way of being boneless and deaf is lost sight of. When business or home troubles arise the mail turns to the companionship of his automobile and, like Rip Van Winkle with his dog, goes into the hills. If tired a romp in the country with his mechanical pet rests him. He confides his yearnings to his car and it responds by interpreting his every mood.

Companionable Motor Pet.
And thus it naturally follows that the considerate master has the most companionable motor pet. He who quarrels with his machine gets a response that matches. Mistreated, the car behaves as abominably as a whipped horse or a starved dog. Caressed with proper care and regularly fed with water, oil, gasoline, it obeys—with all the feeling of a loved one.

Even more than all this, man chooses his pets from the most efficient breeds. So, in picking an automobile, his selection falls to the one that will most readily respond to his demands for comfort, power, mileage, dependability and, at the same time, be economically kept.

And comfort means success with motor touring as well as in anything else. Comfort is the reason for the modern highway. It is not merely the smooth road but also the way the road is posted. There are lots of signs and arrows pointing the way you should go without even having to slacken speed to read them. Of course you can take maps—but of what use are these other than to tell you the statistics of the town through which you are passing? Even Mr. Detour's card by the wayside points to future comfort—that the country is

trying its damndest to keep the roads in perfect condition.

Specialize in Glowing Terms.

The open road! Gosh, it is no wonder that concerns dealing in automobiles and accessories love to specialize in glowing terms. And don't these advertisements make you want to get the old bus out into the open to set up your tent and enjoy the company of others who have heeded the glorious call of Nature?

You can just bet that they do!

Before Removing Fender Put Kerosene on Bolts

The automobile repairer bases his charges for installing a new fender mainly on the time he spends trying to remove the old one. And the car owner will discover that the "frozen" nuts and bolts which hold the fender in place will prevent most of the difficulty encountered in this sort of work. The rule is to squirt kerosene over the fender bolts just before trying to loosen them with the screwdriver. But the rule is not always the logical way to do things. A great deal of time will be saved by giving the fender bolts a kerosene bath the night previous to the day the work is to be done. In the morning much of the rust will have been removed and the bolts will turn much easier, for the kerosene will have had ample time to do its share of the work.

A Clutch Test

A clutch can be tested for slipping by letting the engine run at about 20 to 22 miles an hour. Put the emergency brake on tight and shift the gear to high speed, then gradually engage the clutch. If the motor stalls the clutch is not slipping. If the motor continues to run, then the clutch needs attention at once.

Library Commission Secretary To Head State Delegation

(By the Associated Press)
OKLAHOMA CITY, June 26 — Mrs. J. R. Dale, secretary of the state library commission will head a delegation of Oklahoma librarians who will attend the convention of the American Library association at New York, June 30 to July 5.

Others who will attend are Mrs. Peacock, assistant librarian, Oklahoma City; Mrs. Elsie D. Mard, librarian, Oklahoma A. and M. college, Stillwater; Mrs. J. A. Thompson, librarian, Chickasha; Miss Ruth Hammond, librarian, Muskogee; Miss Elsie Jane Rule, librarian, Oklahoma College for Women, Chickasha and Jesse L. Rader, librarian, University of Oklahoma, Norman.

Mrs. Dale is secretary of the trustees division of the association.

Poor Spark Adjustment Causes Little Troubles

Sometimes the spark adjustment is a little off and the driver does not know it. He may be blaming some other units of the car for what is happening. A brief, but effective, test of the spark is then advisable.

To do this disconnect the high-tension cable from the coil. Then with a screwdriver touch the nearest metal part and hold it so that the upper metal part of the screwdriver is about one-eighth inch from the high-tension terminal of the coil. Turn on the ignition switch and fully advance the spark control lever on the steering post. When the petcocks are opened (to relieve compression) and the engine cranked over by hand slowly a spark will jump from the coil handle to the screwdriver. At the moment of the spark the flywheel should be in a position for advanced spark. This is usually marked on the flywheel, and will be seen just preceding the marks for upper dead center. If the arrival of the spark does not match with the mark on the flywheel the spark is either too late or too early, as the case may be.

IRISH PROTESTANT PARISHES SEEK VAINLY FOR CLERGYMEN

DUBLIN —The Protestant Bishop of Clogher, Dr. MacManaway, has struck a note of alarm in referring to the growing shortage of clergymen in the Church of Ireland. He has five vacant parishes in his diocese and "not a single suitable man in view for any of them." In his university days in Trinity College, he says there were about 150 men preparing for the ministry. Now there are only from 20 to 30.

"It requires," the Bishop declared, "but a single calculation to show that if this state of things continued for a comparatively short number of years the work of the church would come to a stop."

Ardmore Settlers To Observe Date Of City's Opening

ARDMORE, Okla., July 17.—Founders of Ardmore, who on July 28, 1887, staked out a settlement, which was to straggle along until the tapping of the Healdton oil pool, brought fame and opulence, more than a decade and a half later, will march or ride in a pageant, the chief event of the celebration of Ardmore's thirty-fourth birthday.

In the habiliments of the early plainsmen, many of them jolting along in springless buckboards, or rumbling in age-eroded "prairie schooners," the pioneers will bring to the modern Ardmore a page of its past. A barbecue will be served at noon.

Chamber of commerce committees are preparing for 20,000 visitors, as thousands of persons who formerly lived at Ardmore and hundreds from nearby cities and towns have indicated they would attend.

Equip your car with Alemite

Complete Alemite Chassis Lubricating Service now as convenient as oil or gasoline service

It takes only 15 minutes to flush out and lubricate thoroughly every vital bearing on the chassis of your car.

Drive onto our rack today and watch the Alemite ton-pressure compressor at work.

There are 20 to 60 vital bearings on the chassis of your car. They require lubrication as regularly as the engine, if your car is to function properly as a whole. 80% of repairs on moving parts are due to lack of proper lubrication.

Now you can get complete chassis lubricating service at small cost, as easily and quickly as you have gasoline put in your tank, air in your tires or oil in your engine.
